

ALAN J. RABIDEAU

Department of Civil, Structural, and Environmental Engineering
State University of New York at Buffalo
Buffalo, NY 14260
(716) 645-4003

214 Woodward Avenue
Buffalo, NY 14214
(716) 837-4440
rabideau@buffalo.edu

GENERAL

Education

1. Ph.D. Env. Sciences and Eng., University of North Carolina, Chapel Hill, 1994.
2. M. E. Civil Engineering, University at Buffalo, 1986.
3. M.A. Philosophy, University at Buffalo, 2015.
4. B. S. Civil Engineering, University of Notre Dame, 1979.

Professional Experience

- 2007 - Professor, Department of Civil, Structural, and Environmental Engineering (CSEE), University at Buffalo (UB).
- 2013 – 2014 UB Research and Economic Development Leadership Fellow
- 1999 – 2007 Associate Professor, Department of CSEE, University at Buffalo.
- 1993 – 1999 Assistant Professor, Department of CSEE, University at Buffalo.
- 1990 – 1993 Research Assistant, University of North Carolina at Chapel Hill.
- 1986 – 1992 O'Brien & Gere Engineers Inc., St. Louis, MO and Raleigh, NC.
- 1984 – 1986 Graduate Assistant, Dept. of Civil Engineering, University at Buffalo.
- 1981 – 1984 Self-employed musician, Rochester, NY.
- 1979 – 1981 Mennonite Volunteer Service, Cincinnati, OH.

Administrative Appointments

- 2013 – 2014 UB Research and Economic Development Leadership Fellow, planning and startup for Research and Education in eNergy, Environment & Water (UB-RENEW)
- 2007 – 2015 Director, Ecosystem Restoration through Interdisciplinary Exchange (ERIE), externally funded program of research education, and outreach
- 2003 – 2009 Director, Environment & Society Institute
- 2001 – 2003 Director of Undergraduate Studies, CSEE

Professional Engineering Registration: North Carolina (P. E. 18160).

Professional and Honorary Societies

American Society of Civil Engineers, American Geophysical Union, Assoc. of Environmental Engineering and Science Professors, Assoc. of Ground Water Scientists and Engineers (National Ground Water Assoc.), Chi Epsilon Honorary Society.

Awards and Honors

1. UB *Green SLICE* Award (2015). Sustainability Leadership, Innovation, Collaboration and Engagement, inaugural recipient of faculty award.
2. Contribution to Engineering Education Award (2014). New York State Society of Professional Engineers (State-wide award).
3. Engineering Educator Award (2014). New York State Society of Professional Engineers, Western New York Chapter.
4. Remediation Project of the Year (2011). Nat. Ground Water Assoc., member of West Valley Demonstration Project team with AMEC Geomatrix, U.S. Dept. of Energy.
5. John Chester Brigham Award for Outstanding Service (2004). New York Water Env. Association, awarded for student performance at national design competitions.
6. Rudolph Hering Medal (2001). American Society of Civil Engineers award for best paper, environmental engineering, with J.E. Van Benschoten, C. Ganguly, C. Huang.
7. Outstanding Student Award (1993). University of N. Carolina Alumni Association.
8. Hoechst-Celanese Award for Original Research (1993). UNC-Chapel Hill.
9. Cray Research Fellow, North Carolina Supercomputing Center (1992, 1993).
10. United States Department of Education Doctoral Fellowship (GANN) (1991).
11. University Fellowship, State University of New York at Buffalo (1984 – 86).

Professional Development Training (Teaching-oriented)

1. Professional development workshop, *Teaching capstone design in environmental engineering* (2015), Association of Environmental Engineering and Science Professors, New Haven, CT, June 05.
2. Princeton Remediation Course (2015). Five-day training, Las Vegas, NV, May.
3. Professional development workshop, *Green Screen for Safer Chemicals* (2014), U.S. Environmental Protection Agency, Buffalo NY, June 14.
4. Professional development workshop, *Graduate Ethics Education: Bridging the Gap Between Engineers and Society - Learning to Listen* (2014), Association of Environmental Engineering and Science Professors, Golden CO, July 13
5. Professional development workshop: *Bringing Sustainability into the Engineering Curriculum* (2014), Golden CO, July 13
6. Professional development workshop: *Beyond the Formula* (2000). Three-day workshop on teaching undergraduate statistics, Monroe Community College, Rochester, NY, Aug. 15 – 17.
7. ABET accreditation for Env. Eng. Programs (1998). One-day workshop offered by American Academy of Env. Engineers, Baltimore, MD, Nov. 12.
8. Teaching Effectiveness workshop (1993). Semester-long (15-hour) short-course offered by UB Office of Teaching Effectiveness.

TEACHING ACTIVITIES

Summary of Graduate Student Advisement

- Primary advisor for 8 Ph.D. and 33 M.S./M.E. students.
- Member of numerous Ph.D. and M.S./M.E. committees in American Studies, Civil Engineering, Geology, Geography, Industrial Engineering, and Philosophy.

Awards to Students

1. Water Environment Federation Student Design Competition:
 - a. Second prize (2003) for CIE449 (Env. Eng. Design) class project.
 - b. First prize (2002) for CIE449 (Env. Eng. Design) class project.
2. Donald Renny awards for outstanding student paper at the annual *Great Lakes Research Consortium Student-Faculty Conf.*: Z. Jiang (2006), J. Balent (2003), J. R. Craig (2002), A. Khandelwal (1998).
3. Khandelwal, A. (1997). Scholarship award for outstanding student paper presented at the *1997 Int. Containment Conf. and Ex.*, St. Petersburg, FL.
4. Russell, K. T. (1997). First prize, M. S. Thesis competition, Association of Environmental Engineering Professors (AEEP) and Montgomery-Watson.

Graduate Student Advisees: Ph.D. (8 completed, 1 in progress)

Student	Thesis/dissertation	Current
Lambert, Douglas (2015, est.)	<i>Oral history analysis of groundwater rest.</i>	In progress
Bronner, Colleen (2014)	<i>Assessing success in stream restoration</i>	Lecturer, UC-Davis
Singh, Anshuman (2013)	<i>Nonideal sorption, groundwater and vapor</i>	Asst. Prof., India
Seneca, Shannon (2012)	<i>Radionuclide transport in natural zeolites</i>	Consultant
Jiang, Zhengzheng (2012)	<i>Parameter est. for sorption isotherms</i>	HealthCore, Raleigh NC
Matott, L. Shawn (2007)	<i>Application of heuristic optimization to groundwater management</i>	Comp. Scientist U. Buffalo, NY
Craig, James (2005)	<i>Development of reactive transport models using continuous parameter fields</i>	Assoc. Prof. Civil Eng., U. Waterloo, Canada
Khandelwal, Ashutosh (1999)	<i>Contaminant transport in vertical barriers</i>	Fannie Mae., Wash. DC
Putuhena, Fredrick (1996)	<i>Decision-support for the Niagara River</i>	Indonesia (retired)

Graduate Student Advisees: M.S./M.E. (34, * = co-advisor)

Student	Degree	Thesis/project	Current
Ransom, Beynan	M.S. 2015	Comprehensive exam (Eng. science)	In transit
Hennessy, Elizabeth	M.S. 2015	<i>Review of practices in sub. remediation</i>	AECOM, Buffalo NY
Sui, Jingqi	M.S. 2015	<i>Hydrologic analysis of phytobarrier</i>	In transit
Ransom, Beynan	M.S. 2013	<i>Analysis of Onondaga creek dam removal</i>	In transit
Sheh, Chialin	M.E. 2012	<i>Measuring cation exchange in zeolites</i>	Unknown
Huang, Xuan	M.S. 2012	<i>Modeling nonlinear sorption</i>	Graduate student (PhD)
Chew, Edward	M.S. 2012	<i>Groundwater quality, Tuscarora Nation</i>	Graduate student (PhD)
Johnson (Ross), Erin	M.S. 2010	<i>Cation exchange in natural zeolites</i>	Unknown
Roberts, Nadine	M.S. 2009	<i>Subsurface vapor intrusion at MGP sites</i>	URS; Buffalo, NY
Lesakowski, Michael	M.S. 2008	<i>Analysis of subsurface vapor intrusion</i>	Benchmark Env.; Buffalo, NY
Heaphy, Kevin	M.E. 2008	<i>Nat. attenuation of MTBE at JFK airport</i>	PB Americas; New York, NY
Jiang, Zhenzheng	M.S. 2006	<i>Nonlinear sorption of organic pollutants</i>	HealthCore, Raleigh NC
Milewski, Daniel *	M.S. 2005	<i>PAH contaminants in New York soils</i>	URS; Buffalo, NY
Golubski, Jason *	M.S. 2005	<i>Metal contaminants in New York soils</i>	Blas., Bouck & Lee; Syr., NY
Lim, MiSuk	M.S. 2005	<i>Groundwater model calibration</i>	Unknown (Korea)
Gwiazdowski, Lisa	M.S. 2005	<i>Risk management for CCA playgrounds</i>	Fuss & O'Neil; Albany, NY
Winslow, James	M.S. 2004	Comprehensive exam	Geocon; Sacramento, CA
Pai, Vikram	M.S. 2003	<i>Transport of sequentially decaying solutes</i>	Anderson/Mulholland; NJ
Kiehl-Simpson, Caryn	M.E. 2003	<i>Performance assessment of sediment caps</i>	Parsons Eng.; Buffalo, NY
Murphy, Edward	M.E. 2003	<i>Uncertainty of vapor transport models</i>	Golder; Niagara Falls, NY
Bandilla, Karl	M.S. 2001	<i>Parallel proc. of cont. transport models</i>	Princeton University; NJ
Mead, Wendy	M.S. 2001	<i>Watershed protection, Cattaragus County</i>	Tioga County (NY) Soil/Water
Zhang, Yongrong	M.S. 2001	<i>Studies of zeolite barrier materials</i>	Ros. Park Inst., Buff., NY
Chang, Hsing-Ju	M.S. 2001	<i>Modeling of competitive ion exchange</i>	Wat. Env. Cent.; Tapei, Taiwan
Patel, Amita	M.S. 2001	<i>Sorption of strontium by natural zeolites</i>	Malc. Pirnie; White Plains, NY
Gaude, Paschal	M.S. 1999	<i>Groundwater model for West Valley</i>	Wayss & Freytag; Germany
Ostrowski, Merik	M.E. 1999	<i>Gr. model for Plattsburgh Air Force base</i>	URS; NJ
Blayden, James	M.S. 1997	<i>Air sparging: model and case study</i>	Consultant; Pittsburg PA
Russell, Kevin	M.S. 1997	<i>Decision analysis of pump-and-treat</i>	Anchor QEA; Liverpool, NY
Shen, Peiliang	M.S. 1997	<i>Slurry walls and zero-valent iron</i>	Olin Chemical; McIntosh, AL
Liu, Siyuan	M.S. 1997	<i>Modeling of subsurface bioremediation</i>	Unknown
Chang, W.	M.S. 1996	<i>Contaminant loadings to the Niagara Riv.</i>	Unknown
Millar, David	M.E. 1996	<i>Contaminant transport in vertical barriers</i>	Malcolm Pirnie; Buff., NY
Buechi, Stephen	M.S. 1995	<i>Groundwater transport modeling</i>	U.S.A.C.E.; Buffalo, NY

TEACHING ACTIVITIES (continued)

Teaching Summary: 41 classes since 1993, including 7 different graduate courses and 7 undergraduate courses, with 3 dual-listed as graduate/undergraduate.

Courses Taught (enrollment)

Year	Fall		Spring	
2015-16	CIE441/562 (47)	CIE469/569 (35)	CIE532	
2014-15*	CIE441/562 (41)		CIE532(24)	
2013-14*	CIE447 (37)		CIE445/541 (27)	
2012-13*	CIE469/569 (50/7)	UE141(13)	CIE647(11)	
2011-12*	CIE643 (9)	UE141(14)	CIE647(7)	UE141(14)
2010-11*	CIE447 (30)	PHI598 (9)		
2009-10	Sabbatical leave			
2008-09*	CIE469(10)/569(6)	UE140(13)	CIE449 (12)	UB141(15)
2007-08*	CIE469(10)/569(1)		CIE340 (100)	
2006-07	CIE469(8)/569(12)		CIE449 (9)	CIE532 (15)
2005-06	CIE469(9)/569(2)	CIE532(9)	CIE449(8)	
2004-05	CIE469(15)/569(7)	CIE532(9)	CIE340(75)	
2003-04	CIE469(7)/569(15)		CIE449(10)	CIE340(73)
2002-03*	CIE647(12)		CIE449(14)	
2001-02*	CIE546(13)		CIE449(13)	
2000-01*	Sabbatical leave		CIE445(9)/541(9)	
1999-00	CIE569(10)		CIE445(11)/541(5)	EAS308(96)
1998-99	CIE641 cancelled		CIE445(3)/541(15)	CIE554(6)
1997-98	CIE641(5)		CIE445(13)/541(13)	EAS308(70)
1996-97	CIE641(7)		CIE445(12)/541(4)	EAS308(79)
1995-96	CIE641(8)		CIE445(23)/541(7)	CIE442(45)
1994-95	CIE641(8)		CIE445(15)/541(8)	CIE440(87)
1993-94	CIE641(3)		CIE445(22)/541(5)	

* administrative course reduction

Graduate courses

1. CIE647 *Groundwater restoration*. Developed as new course.
2. CIE643 *Ecological restoration practicum*. Developed as new course with D. Blersch.
3. PHI598 *Perspectives on environmental and ecological restoration*. Interdisciplinary doctoral seminar developed for ERIE-IGERT program, team taught with K. Shockley (Philosophy) and D. Grinde (American Studies).
4. CIE532 *Statistical Methods in Civil Engineering*. Developed as new course, now required for graduate environmental engineering program.
5. CIE546 *Environmental Fluid Mechanics*.
6. CIE569 *Hazardous Waste Management*. Significantly revised, dual-listed with CIE469.
7. CIE641 *Advanced Topics in Groundwater Engineering*. Developed as new graduate course with dynamic content to emphasize emerging issues.
8. CIE541 *Groundwater Engineering*. Significantly revised, dual-listed with CIE445.
9. CIE554 *Numerical Methods in Water Resources/Environmental Engineering*.

TEACHING ACTIVITIES (continued)

Undergraduate courses

1. CIE441 *Ecological Engineering*. Required for B.S. Environmental Engineering.
2. CIE447 *Sustainability Practicum*. Developed as new course, required for B.S. Environmental Engineering.
3. CIE340 *Environmental Engineering*. Required for B.S. Civil and B.S. Environmental Engineering (formerly CIE440, *Water Quality*).
4. CIE469 *Hazardous Waste Management*. Dual-listed with CIE569 and significantly revised to become requirement for B.S. Environmental Engineering.
5. CIE449 *Environmental Engineering Design*. “Capstone” project-based course developed as new requirement for B.S. Environmental Engineering.
6. CIE445 *Groundwater Engineering*. Significantly revised, dual-listed with CIE541.
7. EAS308 *Engineering Statistics*. Significantly revised to introduce applied statistics into B.S. Civil Engineering curriculum.
8. CIE442 *Design of Water Quality Systems*.
9. UE140, 141 *Discovery Seminar*. Developed as new team-taught 1-credit seminar for freshmen/sophomores. Topics included *Ecological restoration* (2008-09) and *Sustainability* (2011-12).

Short Courses (summer)

1. “Engineering for ecosystem restoration”. Month-long series of 1-5 day workshops offered annually since 2005 by UB Great Lakes Program and ERIE-IGERT program. Typical attendance is approximately 5-20 participants, representing a mixture of fee-paying professionals, ERIE graduate trainees, and graduate students pursuing academic credit. Assumed primary administrative role in 2009 in conjunction with ERIE-IGERT program. Provided lecture sections for several individual workshops, including *Design for stream restoration* (introduced in 2012).
2. “Regional groundwater modeling and GIS,” June 28 – 30, 2004, with follow-up tutorial at office of Malcolm Pirnie Inc. (New York City). Two-day short course presenting theory and practice of regional groundwater flow modeling, with hands-on tutorials using software developed by the UB Groundwater Research Group. Co-instructors: J. Craig* (lead), I. Janković, and L. S. Matott*. Paid attendees included 11 professionals from 5 states.

Software

Unless otherwise noted, all software is public domain and distributed by the UB Department of Civil, Structural, and Environmental Engineering from the Groundwater Research Group web site: www.groundwater.buffalo.edu.

Lead developer

1. Rabideau, A. J. (2004). "MOUSER: Moderately User-friendly Reactive Transport Model." Updated periodically, public research versions in use since 1994.
2. Rabideau, A. J. (1999). "TRANS1D, Version 3: Computer model for simulating contaminant transport in subsurface barriers." Products include software, User's Guide (90 pages), and Technical Reference Manual (60 pages). Developed for the DuPont Company (not public). Previous versions: 2.2 (1997), 2.1 (1996) and 1.0 (1995).

Project Director for grant-supported developments (* = student)

1. Matott*, L. S. (2008). "NIGHTHAWK: 1D Advective-dispersive-reactive transport model, Version 1.2," developed through NSF funding, first distributed in 2007, described in Matott and Rabideau (2009).
2. Bandilla*, K. (2007). "ROBIN: Win32 computer program for 3D contaminant transport modeling using the deterministic Streamline Method based on 2D Dupuit-Forchheimer groundwater flow, Version 0.1" developed through NSF funding, described in Bandilla et al. (2009).
3. Craig*, J. R., and Matott*, L. S. (2005). "Visual Bluebird (VBB) Version 2.0." A user-friendly modeling system for groundwater flow and contaminant transport, developed through USEPA and NSF grant funding. The VBB package is a two-dimensional GIS-integrated groundwater modeling system based on the Analytic Element Method (AEM), including CARDINAL, the first reactive contaminant transport model incorporating an AEM flow model, first distributed in 2003.
4. Silavisesrith*, W., and Matott*, L. S. (2005). "ArcAEM: A GIS-based application for modeling groundwater flow with the Analytic Element Method, Version 2.13," extensions to ArcGIS (multiple versions) developed through USEPA funding, first distributed in 2004.
5. Bandilla*, K., Suribhatla*, R., and Janković, I. (2006). "SPLIT: Win32 program for analytic-based modeling of single-layer groundwater flow in heterogeneous aquifers with particle tracking, capture zone delineation, and parameter estimation, Version 3.2," significantly revised and enhanced through USEPA grant funding. UB versions distributed since 1993, U. Minnesota (I. Janković) versions since 2000.
6. Matott*, L. S. (2005). "OSTRICH: An optimization tool software, Version 1.6," developed through USEPA and NSF grant funding, first distributed in 2003.
7. Matott*, L. S. (2007). "ISOFIT: A tool for estimating sorption isotherm parameters, Version 1.2" developed through USEPA and NSF grant funding, first distributed in 2004, described in Matott and Rabideau (2008).

PROFESSIONAL SERVICE

Invited Papers Editor *Journal of Environmental Engineering*, American Society of Civil Engineers (2008 – 2009), **Associate Editor** (2006 – 2009).

Editorial Board *Advances in Water Resources*, Elsevier Science (2009 –)

Peer review of journals and books (partial list)

1. American Geophysical Union: *Water Res. Research*
2. American Chemical Society: *Env. Sci. & Tech., ACS Symposium Series*
3. American Society of Civil Engineers (3 journals): *Hydraulic Eng., Env. Eng.* (Outstanding Reviewer award, 2009), *Geotech. and GeoEnv. Eng.*
4. Association of Ground Water Scientists and Engineers (2 journals): *Ground Water, Ground Water Monitoring and Remediation*
5. Elsevier Science (4 journals): *Adv. in Water Res., J. Contaminant Hyd., J. Env. Management, J. Haz. Materials*
6. International Association of Water Quality: *Water Research*
7. Kluwer Publishers: book chapter
8. Marcel Dekker Publishers: textbook
9. Mary Ann Liebert Publishers: *Env. Eng. Science*
10. Prentice Hall Publishers: textbook
11. Soil Science of America Society: *J. Soil Science of Amer. Soc.*
12. Springer: *Transport in Porous Media*
13. Wiley: *Envirometrics*

Peer review of research proposals (multiple years)

1. American Association for the Advancement of Science
2. Illinois Office of Solid Waste Research
3. National Science Foundation (multiple programs)
4. Technion – Israel Institute of Technology Water Research Institute
5. U.S. Department of Defense, *Strategic Env. Research and Development Program*
6. U.S. Department of Energy
7. Wisconsin Water Res. Research Institute

Other professional service

1. External Advisory Committee, Department of Geography and Environmental Engineering, Johns Hopkins University (2012 -).
2. Awards Committee, Association of Env. Eng. and Science Professors (1998 – 2001).
3. Groundwater Management Committee, American Soc. of Civ. Engineers (1997 – 99).
4. Technical Organizing Committee and Session chair, *2001 International Containment and Remediation Technology Conf. and Exhibition*, Orlando, FL, June 10 – 13.
5. Session chair and plenary panel speaker, *1997 International Containment Technology Conf. and Exhibition*, St. Petersburg, FL, Feb. 9 – 12.
6. Technical Advisory Committee and Session leader, *28th Mid-Atlantic Industrial and Hazardous Waste Conf.*, Buffalo, NY, July 15 – 17, 1996.

PROFESSIONAL SERVICE (continued)

Service to Public Agencies and Community Organizations

1. Buffalo-Niagara Riverkeeper, Board of Directors (2014 -). Chair of *Technical and Science* Committee.
2. National Academy of Science (2009 - 2013). Participant in National Research Council study: *Future options for management in the nation's subsurface remediation effort*, co-authored 2013 book.
3. Washington State, U.S. Department of Energy, and Science Applications International Corporation (2006 - 2013). Technical review panel for Hanford nuclear facility groundwater modeling, in support of Environmental Impact Statement process.
4. Jericho Road Family Practice (2006 – 2007). Technical assistance related to soil contamination on property of community health clinic in Buffalo, NY.
5. Village of Gowanda, and Cattaraugus Creek Basin Citizen's Task Force (1999 – 2005). Technical assistance related to Superfund sites in Village of Gowanda, NY, from Remedial Investigation through Record of Decision.
6. New York State Department of Health (2005 - 2010). Technical committee for NY State Pesticide Advisory Board.
7. Town of Amherst, NY (2005 - 2006). Technical assistance related to evaluation of health risks from pressure-treated wood in municipal parks.
8. Residents for Responsible Government (2004 – 2005). Technical assistance related to inactive hazardous waste sites located in Lewiston, New York.

10. Sweet Home School District, Amherst, NY (2004 – 2007). Technical assistance related to evaluation of health risks from pressure-treated wood in school playgrounds.
11. Erie County Department of Health (2004 – 2007). Technical assistance in evaluating groundwater sources for drinking water.
12. New York City Department of Env. Protection (2002 – 05). *Scientific Review Panel* for Brooklyn-Queens Aquifer Feasibility Study.
13. NY State Department of Parks and Historic Recreation (2002 – 03). Supervised student project to analyze water supply alternatives for Letchworth State Park.
14. Hickory Woods Homeowners Association (2001). Co-authored external review of New York State *Health Consultation for Hickory Woods neighborhood*, Buffalo, NY.
15. NY Department of Env. Conservation and Department of Health, and U. S. Env. Protection Agency (1999 – 2001). Technical assistance in development of sampling plan to assess arsenic contamination in Middleport, NY.
16. West Valley Nuclear Services, West Valley, NY (1997 – 99). Participated in external peer review panels for North Plateau groundwater remediation.
17. New York State Department of Env. Conservation (1997 – 98). Technical assistance in development of corrective action guidelines for petroleum spills.

UNIVERSITY SERVICE

University at Buffalo

1. Search committee, Director of RENEW (Research and Education on Energy, Environment, and Water) (2014).
2. Search committee, Dean of Engineering and Applied Sciences (2012).
3. Environmental Stewardship Committee (2010 - 2014). Co-chair of subcommittee on *teaching, research, and service*.
4. Director, Environment & Society Institute (ESI, 2003 – 2009). Activities included:
 - a. Reported to UB provost. Reconfigured programs to coordinate with UB strategic planning process.
 - b. Administered small grants program (\$90,000/year in 2004 – 2005) and operating budget (\$10,000/year). Supervised staff assistant. Developed and maintained web site.
 - c. Organized annual colloquia, with outside speakers, workshops, and student poster competitions.
 - d. Coordinated initial curriculum proposals for B.S. Environmental Science.
 - e. Participated in various ESI special projects and committees since 1998.
5. School of Public Health (2006 – 2007), Faculty search committee.
6. Department of Geography (2001). Faculty search committee.
7. Provost's Junior Faculty Advisory Committee (1995 – 99).

School of Engineering and Applied Science

1. Awards committee (2013 -).
2. Full professor promotion committee, alternate (2007 – 2008)
3. Academic (undergraduate) Programs Committee (2001 – 2003).
4. Computing staff search committee (1995).
5. Co-administrator of high-performance workstation (1995 – 96).

Department of Civil, Structural, and Environmental Engineering

1. Computer Committee, (2010 – 2013, Chair; 1993 - 2000)
2. Graduate Studies Committee (1994, 2011 -).
3. Undergraduate Studies Committee (1998 – 2003; 2005 – 2009).
4. Faculty advisor for Chi Epsilon, Civil Engineering Honor Society (2006 – 2009).
5. Strategic Planning Committee (2005 – 2007).
6. Webmaster (2003 – 2006). Supervised complete redesign of departmental site.
7. Environmental Engineering Faculty Search Committees: 2015 (Chair), 2014 (Chair), 2011 (Co-Chair), 2001
8. Other Faculty Search Committees: Transportation (2006), structural (2004), geotechnical (1995).
9. Coordinator, B. S. Env. Eng. program (1999 – 2003). Developed initial curriculum and managed degree approval process.
10. Director of Undergraduate Studies (2001 – 2003). Coordinated departmental activities related to undergraduate education, including implementation of assessment program and management of 2002 ABET accreditation process for B.S. Civil Eng. and B. S. Env. Eng. programs.
11. Administrator of Env. Eng. computing lab (1993 – 1999).
12. Webmaster for Env. Eng. & Science web site (1994 – 2004).
