SEAS Senior Researcher of the Year Award

Description

This award is presented to senior faculty member(s) whose recent research demonstrates relevance and importance to the overall mission of the School of Engineering and Applied Sciences. Eligible awardees must be full-time members of one of the School's departments/units and they must be at the Associate or Full Professor level, and must have been at UB for at least 5 years. The award recognizes outstanding performance during the past 5 years. A recipient may receive the award multiple times, but not more than once in five years. A maximum of three awards will be made each year. Individuals who have received the UB Exceptional Scholar Award for Sustained Achievement, or the SUNY Chancellor’s Award for Excellence in Scholarship and Creative Activities are not eligible for this award. UB Distinguished Award recipients and those holding the SUNY Distinguished Professor rank are also not eligible for this award.

Nomination

Each Chair may nominate up to three persons from his/her department for this award. A cover letter from the chair (maximum 1 page) and recent CV (maximum 3 pages) must accompany the nomination, together with a citation paragraph which states succinctly why the individual being nominated is worthy of the award. Applications shall be considered by the SEAS Awards Committee. The nominee's name (with nomination materials) will be forwarded to the Dean for final approval.

Criteria

This award recognizes an outstanding senior researcher in the school whose recent work (last 5 years) has made significant contributions to his or her field while at UB. The researcher’s scholarship may have garnered public and/or professional accolades beyond the norm for other bodies of work in his or her research area or may reflect a sustained record of external grant funding at the national or international level.

Deadline

October 1
