UNDERGRADUATE PROGRAMS IN ENGINEERING
[Minor in Manufacturing]

Admissions Requirements

- You must be an approved engineering major in good academic standing or satisfy the School of Engineering and Applied Sciences general undergraduate admissions criteria.
- You must have completed or be registered for a total of 45 credits (at UB or elsewhere) to apply to the program.
- You must have overall and UB GPAs of at least 2.5 to be considered.
- You must submit a minor application by May 1st.

Curriculum

All students must complete EAS 207 (Statics).

Students choose an additional five upper division courses related to manufacturing processes, manufactured project design, manufacturing systems, and manufacturing quality across multiple SEAS departments. Two of these courses must be selected from an MAE or ISE track.

At least three courses applied to the minor must be in addition to those used for a student’s major.

How to Apply

Apply for the Minor in Manufacturing in person by visiting the Department of Mechanical and Aerospace Engineering or the Department of Industrial and Systems Engineering:

Department of Mechanical and Aerospace Engineering
251 Bell Hall
(716) 645-1796

Department of Industrial and Systems Engineering
342 Bell Hall
(716) 645-2357
