The Department of Civil, Structural and Environmental Engineering (CSEE) is currently accepting applications for Garman scholarship for the academic year 2015-2016. This scholarship is funded through a generous gift from Richard and Patricia Garman.

**The Richard E. Garman Undergraduate Scholarship** presented to deserving undergraduate students to recognize superior academic achievement and potential for contributing to society through civil and environmental engineering. This award can be up to $3000 each.

**Eligibility:** students must be pursuing a B.S. degree in Civil or Environmental Engineering with a minimum technical (math/science and engineering) UB GPA of 3.0 and have financial need.

**Deadline:** December 11, 2015

To apply for this award, please submit a letter (e-mails will not be accepted) together with an unofficial transcript to Ms. Éva McGovern, Undergraduate Academic Coordinator for Civil and Environmental Engineering, at 212D Ketter Hall.

Your letter should:

- Explain why you think you should be selected for this award.
- Include a statement of financial need. Use your own words; an official report is not required. (The Department will also use the University needs review which is based upon your current year FAFSA to help determine financial need.)
- Identify your academic and career goals.
- Write about your demonstrated success: academic or extracurricular.
- Include additional achievements (such as other awards, club memberships, work and/or volunteer history).

If you have any questions about this scholarship opportunity, please do not hesitate to contact either Dr. M. V. Sivaselvan (mvs@buffalo.edu) at (716) 645 4370 (Director of Undergraduate Studies for the Civil Engineering Program) or Prof. James Jensen (jjensen@buffalo.edu) at (716) 645 4007 (Director of Undergraduate Studies for the Environmental Engineering Program).
