OUTSIDE BME COURSE APPROVAL FORM

Biomedical Engineering Graduate students can enroll in courses outside the Biomedical Engineering Department to help fulfill the required number of lecture credit hours. In order to do so, approval must be provided by your advisor and the Director of Graduate Studies. Please remember that you are required to complete a certain number of Biomedical Engineering lecture courses, and any remaining credits needed can be completed from outside department courses:

Program Plan	BME Courses Required
MS Comprehensive Exam	6 Courses, including BE 501 & BE 502
MS Project	5 Courses, including BE 501 & BE 502
MS Thesis	4 Courses, including BE 501 & BE 502
PhD	4 Courses, including BE 501 & BE 502

Please complete the form below and return it to the Academic Coordinator. This form must be submitted prior to the add/drop deadline at the Registrar's Office.

Student's name:_____

    Last Name   First Name   Middle
