

## Lab Safety Rules and Repercussions: **Student**

- **Personal Protective Equipment**
  1. ANSI certified eyewear is required during any experiment outside of a laminar hood
  2. Lab coats are required while inside the lab
  3. Covered shoes, long sleeves, and long pants are required at all times
- **No unofficial visitors in the laboratory space** (if your advisor approves, visitors are permitted at your desk only); official visitors in the laboratory space must be wearing ANSI certified eyewear, covered shoes and a lab coat or long sleeves and long pants.
- **No food or drink allowed in lab**, except in desk areas that are approved by the safety committee and clearly marked “NO CHEMICALS”
- **Maintain safe working conditions** at all times
- **Break down your experiment** when completed
  - All chemicals back in storage
  - All hazardous waste properly segregated
  - All bio-hazards disposed of in proper red-bag containers
  - Lab bench or hood wiped down and ready for next user

## Repercussions for each calendar year (from last EH&S course completed)

- **First offense:** Issued by: EH&S, CBE Faculty, or CBE Safety Committee Member – Clean up and sent home for the day
- **Second offense:** Issued by: EH&S, CBE Faculty, or CBE Safety Committee Member – EH&S safety training card expired immediately. No lab access until the safety course is retaken and a new card submitted to the safety committee.
- **Third offense:** Issued by: EH&S, CBE Faculty, or CBE Safety Committee Member – Out of lab for one month and referred to Dean of Engineering for review.
