

University at Buffalo

# Department of Chemical and Biological Engineering

School of Engineering and Applied Sciences

When Masters and Ph.D. students go for on-site **job interviews**, they are usually expected to give a **technical presentation** on their research to a group of employees. The usual allotted time is 1 hour, including questions. Depending on the position and company, the audience will consist of people with varied technical backgrounds and only a few subject matter experts, if any. The goal of this project is for the student to **present a 40 minute technical talk** on their research work as if they were going for a job interview. Everyone is encouraged to attend and support your fellow students.

## Schedule of Presentations:

6/26 @ 1:00PM Shreya Mukherjee [Wu Group]

6/26 @ 2:30PM Mohammadmoein Mohammadi [Swihart Group]

6/28 @ 1:00PM Janel Abbott [Wu Group]

6/28 @ 2:30PM Viswanath Pasumarthi [Dupuis Group]

Dr. Sarigiannis will provide feedback based on his experience in industry.

Demetrius Sarigiannis
