## I. PERSONAL HISTORY AND PROFESSIONAL EXPERIENCE

### EDUCATION

---

University of Illinois at Urbana-Champaign (UIUC), Ph.D. Chemical Engineering, Graduate Option in Computational Science & Engineering, 2012

University of Illinois at Urbana-Champaign, M.S. Chemical Engineering, 2009

University of Oklahoma (OU), B.S. Chemical Engineering, Minor in Mathematics, Honors, *summa cum laude*, 2005

### PROFESSIONAL EXPERIENCE

---

Professor, Department of Chemical and Biological Engineering, University at Buffalo (UB),

Sep 2025–Present

PI of Systems Biomedicine and Pharmaceuticals Laboratory

*Affiliated Appointments:*

Faculty Fellow, Honors College, Apr 2025–Present

Department of Pharmaceutical Sciences, Aug 2024–Present

Department of Biomedical Engineering, Aug 2022–Present

Member, Witebsky Center for Microbial Pathogenesis and Immunology, Aug 2022–Present

Faculty Fellow for the NSF Graduate Research Fellowship Program, Graduate School, Aug 2021–Present

Department of Engineering Education, Jan 2021–Present

Institute for Artificial Intelligence and Data Science (formerly Institute for Computational and Data Sciences), Jan 2021–Present

Associate Professor (with tenure), Department of Chemical and Biological Engineering, UB, Jan 2021–Aug 2025

Adjunct Associate Professor, School of Chemical Engineering, Oklahoma State University (OSU), Jan 2021–Aug 2021

Associate Professor (with tenure), School of Chemical Engineering, OSU, Jul 2020–Jan 2021

Assistant Professor, School of Chemical Engineering, OSU, Aug 2014–Jun 2020

*Affiliated Appointments:*

Member, Stephenson Cancer Center, OU Health Sciences Center, Nov 2015–Jan 2021

Center Investigator, Oklahoma Center for Respiratory and Infectious Diseases, Feb 2015–Jan 2021

Member, Interdisciplinary Toxicology Program, OSU, Nov 2014–Jan 2021

Member, Harold Hamm Diabetes Center, OU Health Sciences Center, Nov 2014–Jan 2021

Postdoctoral Research Associate, Department of Chemical Engineering, Massachusetts Institute of Technology (MIT), Jun 2012–Aug 2014

Advisor: Richard D. Braatz

Funding: Novartis-MIT Center for Continuous Manufacturing & MIT Center for Biomedical Innovation's Biomanufacturing Research Program

Graduate Research Assistant, Department of Chemical & Biomolecular Engineering, UIUC, Aug 2005–May 2012

Advisor: Richard D. Braatz

Funding: DOE Computational Science Graduate Fellowship

Undergraduate Research Assistant, School of Chemical, Biological, & Materials Engineering, OU, May 2004–May 2005

Advisor: Dimitrios V. Papavassiliou

### SHORT-TERM PROFESSIONAL EXPERIENCES

---

DOE CSGF Practicum, Computational Science Center, Brookhaven National Laboratory, Upton, NY, May–Aug 2007

Process Engineering Internship, Valero Energy Corporation, Ardmore, OK, May–Aug 2005

## HONORS AND AWARDS

---

### A. National and International Awards

William H. Corcoran Award for outstanding article published in *Chemical Engineering Education*, American Society for Engineering Education (ASEE) Chemical Engineering Division, 2023  
David Himmelblau Award for Innovations in Computer-Based Chemical Engineering Education, American Institute of Chemical Engineers (AIChE) Computing and Systems Technology (CAST) Division, 2022  
Gary Leach Recognition Award recognizing AIChE Education Division Virtual Communities of Practice, AIChE Executive Committee, 2022  
Class of Influential Researchers, *Industrial & Engineering Chemistry Research*, 2021  
Ernest W. Thiele Lectureship, University of Notre Dame Department of Chemical and Biomolecular Engineering, 2021  
Ray W. Fahien Award, ASEE Chemical Engineering Division, 2020  
National Science Foundation (NSF) Faculty Early Career Development (CAREER) Award, 2019  
Election as Computer Aids for Chemical Engineering (CACHE) Corporation Trustee, 2019  
35 Under 35 Award, AIChE, 2017  
Joseph J. Martin Award for outstanding paper at the ASEE Annual Meeting in 2013, ASEE Chemical Engineering Division, 2014  
Frederick A. Howes Scholar in Computational Science (awarded to 1–2 recent alumni of the Department of Energy (DOE) Computational Science Graduate Fellowship annually for outstanding leadership, character, and technical achievement), 2013

### B. Fellowships

DOE Computational Science Graduate Fellowship, 2006–2010  
NSF Graduate Research Fellowship (declined), 2006

### C. Institutional and Local Awards

Justice, Equity, Diversity, and Inclusion (JEDI) Faculty Award, UB School of Engineering and Applied Sciences (SEAS), 2025  
Young Alumni Achievement Award, UIUC Department of Chemical and Biomolecular Engineering, 2022  
Outstanding Achievement for the Mentorship of Women, OSU Women's Faculty Council, 2019  
Outstanding Service Award, ASEE Midwest Section, 2019  
Excellent Teacher Award, OSU College of Engineering, Architecture and Technology (CEAT), 2017  
Outstanding Mentor Award, OSU CEAT Student Council (voted by the student body), 2015  
Undergraduate Research Video Competition winner—faculty category, OSU Vice President for Research, 2015  
Keystone Partnership Award, Girl Scouts of Eastern Massachusetts (recognizing impact on STEM programming with Girl Scouts and the Society of Women Engineers (SWE) Boston Professional Section), 2014  
Hanratty Travel Grant, Department of Chemical & Biomolecular Engineering, UIUC, 2008, 2009  
Outstanding Chemical Engineering Senior, OU College of Engineering, 2005  
Outstanding Senior Researcher, OU School of Chemical, Biological, & Materials Engineering, 2005  
Al Clark Chemical Engineering Prize, OU School of Chemical, Biological, & Materials Engineering, 2005  
Undergraduate Research Opportunities Program Scholarship, OU Honors College, 2005  
Program of Excellence Undergraduate Research Scholarship, OU School of Chemical, Biological, & Materials Engineering, 2004  
F. Mark Townsend Scholarship, OU School of Chemical, Biological, & Materials Engineering, 2004  
PACE (participation, academic achievement, community service, excellence in leadership) Award for Outstanding Freshmen, OU University College, 2002  
Oklahoma Academic Scholar/Regents Scholar (academic scholarship for in-state students selected based on ACT 99.5<sup>th</sup> percentile), Oklahoma State Regents for Higher Education/OU Scholars Program, 2001–2005

### D. Conference Awards and Travel Grants

Young Investigator Award to attend Midwest Tumor Microenvironment Meeting, Kansas City, KS 2022  
Selected among 20 “Outstanding Young Chemical Engineering Educators” to attend the Computer Aids for Chemical Engineering Conference on the Future of Cyber-Assisted Chemical Engineering Education, 2019  
Poster Award, ASEE Chemical Engineering Summer School, 2017  
2<sup>nd</sup> place technical paper, ASEE Midwest Section Conference, 2017

Outstanding Poster Presentation, New York Academy of Sciences Symposium on Chronic Kidney Disease, 2016  
Early Career Investigator Travel Fellowship to attend Symposium on Diabetic Kidney Disease, New York Academy of Sciences, 2014  
Biomedical Engineering Innovation and Career Development Award travel grant to attend Biomedical Engineering Society (BMES) Annual Meeting, 2014  
Association for Women in Mathematics travel grant to attend Society of Industrial & Applied Mathematics (SIAM) Annual Meeting, 2014  
Mathematical Biosciences Institute travel support to attend Molecular to Systems Physiology Workshop, 2014  
Institute for Mathematics and Its Applications travel funding to attend WhAM! A Research Collaboration Workshop for Women in Applied Mathematics: Dynamical Systems with Applications to Biology and Medicine, 2013  
Mathematical Biosciences Institute travel support and selected for oral presentation for Workshop for Young Researchers in Mathematical Biology, 2013  
SIAM Student Travel Award to attend SIAM Conference on the Life Sciences, 2012  
AIChE Women's Initiatives Committee Travel Award to attend AIChE Annual Meeting, 2010  
AIChE Computing and Systems Technology Division Student Travel Grant to attend AIChE Annual Meeting, 2008

## **INVITED LECTURES (73 total)**

---

### **A. Conferences, Symposia, Webinars, and Award Lectures**

27. "Mapping Spatial Biology with Spatial Transcriptomics and Dynamic In Silico Agent-Based Models," Invited Talk, Emerging In Silico Approaches session, Midwest Tumor Microenvironment Meeting, Milwaukee, WI, May 2026 (to be presented).
26. "Systems Biomedicine and Pharmaceuticals: The Pharmacometrics Career Paths of Five Lab Trainees," Webinar, Pharmacometrics Subgroup, Society for Mathematical Biology, Virtual, Nov 2025 (to be presented).
25. "Modeling of Endothelial Cell Cross Talk with Inflammatory Macrophages in the Microvasculature," Invited Talk, Systems Biology: Cancer and cardiac signaling networks session, Area 15D/E, AIChE Annual Meeting, Boston, MA, Nov 2025 (to be presented).
24. "Systems Biomedicine and Pharmaceuticals: Multiscale Modeling of Tissue Remodeling and Damage," Colloquium, Mathematical Biology Research Experience for Undergraduates Program, Indiana University Indianapolis, Virtual, Jul 2024.
23. "Design Education Across the Curriculum for the Future of Design," Keynote, Foundations of Computer Aided Process Design (FOCAPD) Conference, Breckenridge, CO, Jul 2024.
22. "Multiscale Modeling and Control of Tissue Remodeling, Damage, and Treatment," Keynote, Advances in Cybermedical Systems: Recent Results in the Modeling and Control of Biological Systems for Medical Applications workshop, American Control Conference, Toronto, Canada, Jul 2024.
21. "Systems Biology Challenges for Control of Human Diseases," Invited Talk, Future Innovation in Process System Engineering (FIPSE)-6 Conference, Western Peloponnese, Greece, Jun 2024.
20. "Systems Biomedicine and Pharmaceuticals: Multiscale Modeling of Tissue Remodeling and Damage," Webinar, Systems Modeling of Biological Systems (SysMod) Community of Special Interest, International Society for Computational Biology, Virtual, Aug 2023. Archived recording: [https://youtu.be/s\\_5NnohSZpg](https://youtu.be/s_5NnohSZpg)
19. "Sex Differences in Biological Aging: Hormonal Influences on the Immune System and Functional Outcomes in the Gut and Bone," Keynote, Sex Differences in Physiology Workshop, Banff International Research Station, Banff, AB, Canada, Mar 2023.
18. "Interactive Computing Activities as Chemical Engineering Educational Tools in University and Informal Learning Environments," AIChE CAST Webinar for the David Himmelblau Award for Innovations in Computer-Based Chemical Engineering Education, Virtual, Dec 2022. Archived recording: <https://youtu.be/6L6SwRMncGk>
17. "Mathematical Modeling of the Effects of Wnt-10b on Bone Metabolism," Invited Talk, AIChE Journal Futures Session, AIChE Annual Meeting, Phoenix, AZ, Nov 2022.
16. "Modeling the Progression of Fibrosis with Dysregulation of TGF-beta in COVID19 Patients," Computing and Systems Technology Division Plenary, AIChE Annual Meeting, Phoenix, AZ, Nov 2022.
15. "Mathematical Modeling of the Gut-Bone Axis and Implications of Butyrate Treatment on Osteoimmunology," Invited Talk, Foundations of Systems Biology in Engineering (FOSBE) Conference, Cambridge, MA, Aug 2022.

14. “Systems Biomedicine and Pharmaceuticals: Multiscale Modeling of Tissue Remodeling and Damage,” Keynote, DOE CSGF Annual Program Review, Arlington, VA, Jul 2022. Archived recording: <https://www.krellinst.org/csgf/conf/2022/video/ford-versypt2022>
13. “Mathematical Modeling of Transport in Dynamic, Heterogeneous Biomaterials,” Thiele Award Lecture, Department of Chemical and Biomolecular Engineering, University of Notre Dame, South Bend, IN, Oct 2021.
12. “Computational Modeling of the Gut-Bone Axis and Implications of Butyrate Treatment on Osteoimmunology,” Invited Talk, Quantitative Systems Pharmacology Virtual Symposium, University at Buffalo, Jul 2021.
11. “Multiscale Simulation of Lung Fibrosis Induced by SARS-CoV-2 Infection and Acute Respiratory Distress Syndrome,” Webinar, Interagency Modeling and Analysis Group/Multi-Scale Modeling Working Group on Multiscale Modeling and Viral Pandemics, Mar 2021.
10. “Active Learning Exercises for Teaching Reactor Design,” Keynote, Survey Results & Best Practices: Reactor Design Session, Education Division, AIChE Annual Meeting, Virtual, Nov 2020. Archived recording: <https://youtu.be/qms5YEPOhbY>
9. “Teaching Computational Skills for Chemical Engineers,” Webinar, AIChE Education Division, Feb 2020. Archived recording: <https://www.aiche.org/academy/webinars/teaching-computational-skills-chemical-engineers>
8. “Computational Modeling of the Diabetic Kidney,” Invited Talk, Diabetic Kidney Disease: Translating Pathogenic Mechanisms into Therapies Early Program, American Society of Nephrology Kidney Week, Washington, DC, Nov 2019.
7. “Graphical User Interfaces as Chemical Engineering Educational Tools in University and Informal Learning Environments,” Young Chemical Engineering Educator Invited Talk, The Future of Cyber-Assisted Chemical Engineering Education Conference, Computer Aids for Chemical Engineering, Breckenridge, CO, Jul 2019.
6. “Mathematical Modeling of Macromolecule Transport in Dynamic, Heterogeneous Micropores within Biomaterials,” Transport in Biological Systems Keynote, American Society of Mechanical Engineers (ASME) International Conference on Nanochannels, Microchannels, and Minichannels, St. John’s, Newfoundland, Canada, Jun 2019.
5. “Multiscale Computational Modeling of Renal Intercellular Cross-Talk at the Onset of Diabetic Kidney Disease,” Applied Mathematics and Numerical Analysis Area Plenary, Computing and Systems Technology Division, AIChE Annual Meeting, Pittsburgh, PA, Oct 2018.
4. “Transforming Any Space into a Technology Enabled Active Learning Environment for Achieving Short- and Long-Term Learning Outcomes,” Keynote Lecture, Teaching with Technology Symposium, OSU, Stillwater, OK, Jun 2018.
3. “Controlled-Release Dosage Forms,” Seminar, Sunovion Pharmaceuticals, Marlborough, MA, Nov 2013.
2. “Mathematical Modeling of Pharmaceuticals: Predictive Design for Better Medicines,” Howes Scholar Award Lecture, DOE CSGF Annual Program Review, Arlington, VA, Jul 2013. Archived recording: <https://youtu.be/rW6N4WMIALU>
1. “Mathematical Modeling of Pharmaceuticals: Predictive Design for Better Medicines,” Computational Research in Boston and Beyond Seminar Series, Seminar, MIT, Cambridge, MA, Apr 2013.

## **B. Departmental Seminars**

46. Department of Chemical and Biomolecular Engineering, University of Delaware, Newark, DE, Feb 2026 (to be presented).
45. Department of Biomedical Engineering, Michigan Technological University, Virtual, Feb 2025.
44. Computational Health Seminar Series, Center for Computational and Digital Health Innovation, Duke University, Virtual, Feb 2025.
43. Mathematical Modeling Seminar Series, Department of Mathematics and Statistics, Rochester Institute of Technology, Rochester, NY, Feb 2025.
42. Department of Chemical and Biomedical Engineering, West Virginia University, Morgantown, WV, Jan 2025.
41. Department of Chemical and Biomolecular Engineering, Vanderbilt University, Nashville, TN, Jan 2025.
40. Department of Chemical & Biological Engineering, UB, Buffalo, NY, Nov 2024.
39. Computational and Data-Enabled Sciences, UB, Buffalo, NY, Nov 2024.
38. School of Biomedical Engineering, Purdue University, West Lafayette, IN, Sep 2024.
37. Department of Chemical Engineering, University of Washington, Seattle, WA, Apr 2024.
36. Department of Biomedical Engineering, University of North Texas, Denton, TX, Mar 2024.
35. Department of Chemical Engineering, Rowan University, Glassboro, NJ, Mar 2024.
34. Department of Biomedical Engineering, Ohio State University, Columbus, OH, Dec 2023.
33. School for Engineering of Matter, Transport and Energy, Arizona State University, Tempe, AZ, Oct 2023.

32. Department of Pharmaceutical Sciences, UB, Buffalo, NY, Sep 2023.
31. Department of Chemical & Biological Engineering, Rensselaer Polytechnic Institute, Troy, NY, Sep 2023.
30. Department of Chemical Engineering, University College London, London, UK, Jun 2023.
29. Mathematical Institute, Oxford University, Oxford, UK, Jun 2023.
28. Department of Chemical Engineering & Department of Biomedical Engineering, Rochester Institute of Technology, Rochester, NY, Apr 2023.
27. Soft Matter & Biophysics Seminar Series, Department of Physics, Syracuse University, Syracuse, NY, Mar 2023.
26. Department of Chemical Engineering, Carnegie Mellon University, Pittsburgh, PA, Mar 2023.
25. Department of Chemical Engineering, Prairie View A&M University, Prairie View, TX, Feb 2023.
24. Department of Chemical and Biological Engineering, Illinois Institute of Technology, Virtual, Mar 2022.
23. Department of Chemical Engineering, Auburn University, Auburn, AL, Feb 2022.
22. Department of Chemical & Biological Engineering, University of Iowa, Virtual, Apr 2021.
21. Department of Chemical & Life Science Engineering, Virginia Commonwealth University, Virtual, Mar 2021.
20. Department of Aerospace & Mechanical Engineering, University of Southern California, Virtual, Oct 2020.
19. Department of Chemical & Biomolecular Engineering, University of Illinois at Urbana-Champaign, Urbana, IL, Mar 2020.
18. Department of Chemical & Biomolecular Engineering, Clemson University, Clemson, SC, Feb 2020.
17. Department of Chemical & Biological Engineering, University at Buffalo, Buffalo, NY, Dec 2019.
16. Department of Chemical Engineering, University of Florida, Gainesville, FL, Nov 2019.
15. Center for Biomanufacturing Science and Technology, University of Delaware, Newark, DE, Oct 2019.
14. School of Chemical & Biomolecular Engineering, Georgia Institute of Technology, Atlanta, GA, Oct 2019.
13. Quantitative Systems Biology Center, Vanderbilt University, Nashville, TN, Aug 2019.
12. Department of Physiology, OU Health Sciences Center, Oklahoma City, OK, Oct 2018.
11. Department of Chemical & Biomolecular Engineering, Tulane University, New Orleans, LA, Mar 2018.
10. Department of Chemical & Petroleum Engineering, University of Pittsburgh, Pittsburgh, PA, Sep 2017.
9. Department of Chemical Engineering, Kansas State University, Manhattan, KS, Aug 2017.
8. Department of Biochemistry and Molecular Biology, OSU, Stillwater, OK, Apr 2017.
7. Ralph E. Martin Department of Chemical Engineering, University of Arkansas, Fayetteville, AR, Nov 2016.

OkChE Advisory Board, OU School of Chemical, Biological and Materials Engineering, 2015–2020

## OFFICES HELD IN PROFESSIONAL SOCIETIES

---

2<sup>nd</sup> Vice-Chair/1<sup>st</sup> Vice-Chair/Chair/Past-Chair (4-year term with 1 year in each role), Computing and Systems Technology (CAST) Division, AIChE, 2025–2028  
BMES Annual Meeting Track Chair for Bioinformatics, Computational and Systems Biology Track, 2023  
Director, CAST Division, AIChE, 2022–2024  
Awards Co-Chair, Chemical Engineering Division (CHED), ASEE, 2022–Present  
Academic Trustee, Computer Aids for Chemical Engineering (CACHE) Corporation, 2020–Present  
Chair-Elect/Chair/Past-Chair (3-year term with 1 year in each role), CHED, ASEE, 2019–2022  
P-12 Committee Representative from CHED, ASEE, 2018–2019

Director, CHED, ASEE, 2017–2019

2018 Program Coordinator, Area 10d: Applied Mathematics and Numerical Analysis, CAST Division, AIChE, 2015–2018

Social Media Chair, CAST Division, AIChE, 2016–2022

Girl Scout Liaison, Boston Professional Section, SWE, 2012–2014

## REVIEW PANELS

---

Standing Member, NIH Modeling and Analysis of Biological Systems (MABS) Study Section, Jul 2022–Jun 2028

Grant reviewer, De Nederlandse Organisatie voor Wetenschappelijk Onderzoek (NWO, The Netherlands Organization for Scientific Research), 2024

DOE Computational Science Graduate Fellowship selection panel, 2023

Guest/ad hoc reviewer NIH Modeling and Analysis of Biological Systems Study Section panel, Jun 2020, Feb 2022; Special emphasis panel, Jun 2021

Nine NSF proposal review panels, 2014–2020, 2024

NSF Graduate Research Fellowship Program review panel, 2022

DOE Computational Science Graduate Fellowship screening panel, 2013, 2015–2018, 2022

### GUEST LECTURES IN COURSES

---

UB Pathway to the PhD - Preparing for Success micro-credential course, Fall 2024  
 Washington University in St. Louis BME 301B Quantitative Physiology II, Spring 2021  
 OSU CHE 4843 Chemical Process Instrumentation & Control, Spring 2018 & 2019  
 OSU CHE 4603/5603 Membrane Separations, Spring 2017  
 OSU CHE 5743 Chemical Engineering Process Modeling, Fall 2016

### NEW COURSE DEVELOPMENT

---

OSU CHE 4753/CHE 5753 Applied Numerical Computing for Scientists & Engineers, 2016–2020 (CHE 4990/5990 in 2016, 2017)

*Course Description:* Practical software tools for computational problem solving in science and engineering: version control (e.g., Git), mathematical typesetting (LaTeX), graphical user interfaces, and high level programming languages with libraries of solvers and visualization tools (e.g., Python and MATLAB). Application of numerical computing methods to solve systems of differential and algebraic equations and to estimate model parameters using optimization. Guest lectures from science & engineering faculty conducting computational research supplement the course.

Short course/workshop: Numerical Problem Solving across the Curriculum with Python and MATLAB Using Interactive Coding Templates, delivered at ASEE/AICHE Chemical Engineering Summer School 2022

*Co-developers:* Robert Hesketh (Rowan University), Austin Johns (UB), Matthew Stuber (University of Connecticut)

*Course Description:* This workshop explores Python and MATLAB templates and interactive coding notebooks for use throughout chemical engineering core courses and computational thinking as a problem solving approach. Students do not need prior Python or MATLAB programming to use these templates.

UB HON 214 Engineering Honors Seminar: Board Games, 2025

*Course Description:* This course will examine connections between modern tabletop gaming and the engineering profession. Topics will include problem solving, critical thinking, teamwork, strategic planning, resource management, ethics, design, rules and standards, collegiality, technical communication, and lifelong learning. The course will center on the experience of actively playing board games in community with classmates and others, supplemented with a combination of lectures, discussion, assignments, and other activities. Students will analyze how lessons learned from board games translate to the contexts of engineering problems and the development of professional skills.

### PRE-TENURE TRACK MENTORING & UNIVERSITY TEACHING EXPERIENCE

---

Mentor, Association of Women in Science mentoring circle, Mass-AWIS Chapter, 2013–2014

Mentor, Women in Science & Engineering program, MIT SWE Collegiate Section, 2012–2013

Postdoctoral mentor, Coffee with Grads program, MIT Dept. of Chemical Engineering, 2012–2013

Ph.D. research mentor for 7 undergraduate students over 3 terms, UIUC, 2010–2011

Teaching assistant, CHBE 431 Process Design, UIUC, 2010

Certificate in Foundations of Teaching, UIUC Center for Teaching Excellence, 2009

Graduate mentor, Professional & Leadership Development for Women course, UIUC College of Engineering, 2009

Tutor, chemical engineering undergraduate courses, UIUC Dept. of Chemical & Biomolecular Engineering, 2006–2011

#### *Current (alphabetical)*

1. Rajesh Balasamy, UB CBE M.E., Dec 2024–Present  
Course focus in biotechnology with year-long research culminating experience

#### *Alumni (reverse chronological)*

2. Md Tanben Rahman, UB CBE M.S., Dec 2023–May 2025  
Continued to University at Buffalo, Chemical Engineering Ph.D. Program  
Thesis: “Ocular Pharmacokinetic/Pharmacodynamic Modeling of Ranibizumab Released from Single- and Bi-Layered Polymeric Microspheres”
3. Eduardo A. Chacin Ruiz, UB CBE M.S., Jan 2021–May 2025  
Continued to University at Buffalo, Chemical Engineering Ph.D. Program  
Track 3: coursework only master’s degree en route to Ph.D.
4. Bhavishya Maddineni, UB CBE M.S., Nov 2022–May 2024  
Now at Catalent Pharma Solutions  
Thesis: “Effects of Disease on Renal Blood Flow Regulation: Assessing Autoregulation Disruption”
5. Nicholas O. Glover, UB CBE M.S., Nov 2021–May 2023  
Continued to University at Buffalo, Chemical Engineering Ph.D. Program  
Thesis: “Simulating Size Selectivity of Albumin through the Kidney Filtration Barrier using FEBio”  
Advancing Science Conference Grant to attend NOBCCHE Conference, 2022
6. Austin N. Johns, UB CBE M.S., Nov 2021–Jan 2023  
Now at United States Air Force  
Report: “Numerical Problem Solving across the Curriculum with Python and MATLAB Using Interactive Coding Templates: A Workshop for Chemical Engineering Faculty”
7. Duncan H. Mullins, OSU CHE M.S., Aug 2019–Jan 2021 & May 2021–Aug 2021, UB CBE, Jan 2021–Aug 2021  
Now at University at Buffalo, Engineering Education Ph.D. Program  
Report: “Cellular Cross Talk and Damage to the Glomerular Filtration Barrier in Diabetic Kidney Disease”  
2nd place poster, OSU, CHE 5302 Research Methods poster competition, 2019
8. Carley V. (Eastep) Cook, OSU CHE M.S., Aug 2019–Dec 2020, Defense: 11/5/2020  
Continued to University at Buffalo, Chemical Engineering Ph.D. Program  
Now at University of Central Oklahoma as Instructor (non-tenure track), Engineering  
Thesis: “Mathematical Modeling of the Effects of Wnt-10b on Bone Metabolism”  
OSU Women’s Faculty Council Student Research Award (\$750), 2020  
2<sup>nd</sup> Place in Computing, Simulation and Process Control III category, AIChE Annual Meeting Undergraduate Student Poster Competition, 2019  
Selected to attend Tutorial Workshop on Parameter Estimation for Biological Models, Raleigh, NC, 2019
9. Yen T. Nguyen, OSU CHE M.S., Jul 2017–Aug 2018, Defense: 7/6/2018  
Now at United Community Bank as Treasury Quantitative Analyst  
Thesis: “Computational Modeling of Metastatic Cancer Migration through a Remodeling Extracellular Matrix”  
OSU Women’s Faculty Council Student Research Award (\$750), 2018  
2<sup>nd</sup> place poster, Biochemical and Molecular Biology Graduate Student Association Research Symposium, Oklahoma State University, 2017
10. Minu R. Pilvankar, OSU CHE M.S., Aug 2014–Dec 2015, Defense: 11/23/2015  
Continued to Oklahoma State University, Chemical Engineering Ph.D. Program  
Now at Boehringer Ingelheim pharmaceutical company as Senior Scientist  
Thesis: “Mathematical Modeling of Podocytes in Diabetic Kidney Disease”

UB CBE Graduate Research Symposium Speaker, Oct 2024, invited  
Women in Chemical Engineering Travel Award to attend AIChE Annual Meeting, 2021
10. Haryana Y. Thomas, OSU CHE, Aug 2019–Jan 2021, UB CBE, Jan 2021–Aug 2024  
Now at Genentech as Senior Scientist  
Dissertation: “Computational Modeling of Mesangial Expansion and Glomerular Fibrosis in Diabetes”  
UB CBE Fall PhD Seminar Speaker, Dec 2022, invited  
Founding president of UB Student Chapter of NOBCCChE  
Student Travel Award to attend AIChE Annual Meeting, Pharmaceutical Discovery, Development, and Manufacturing Forum, 2023  
Advancing Science Conference Grant to attend NOBCCChE Conference, 2022, 2023  
Travel grant to attend NOBCCChE Collaborative Conference, Pittsburgh, PA, 2022

Curriculum Vitae – Ashlee N. Ford Versypt, Ph.D.

UB School of Engineering and Applied Sciences (SEAS) Leadership Development Fellow (\$1500 scholarship/mentorship program with the SEAS Dean and an undergraduate student), 2021–2022  
SB3C Diversity Participation Award to attend Virtual SB3C Conference, 2021

11. Carley V. Cook, UB CBE, Jan 2021–Aug 2024

Now at University of Central Oklahoma as Instructor (non-tenure track), Engineering  
Dissertation: “Mathematical Modeling to Connect Bone Responses to Systemic Mechanisms”  
UB Arthur A. Schomburg Fellowship (\$10,000/year for 4 years), 2021–2024  
Student Travel Award to attend AIChE Annual Meeting, Pharmaceutical Discovery, Development, and Manufacturing Forum, 2023

Travel grant to attend NDiSTEM Conference by SACNAS, 2022

Women in Chemical Engineering Travel Award to attend AIChE Annual Meeting, 2022

12. Anabel S. M. Ruggiero, OSU CHE, Aug 2016–Dec 2020, Defense: 11/9/2020

Now at Stellar Science as Software Engineer

Dissertation: “Development of Tools to Accelerate and Advance Modeling Disease Progression”

Rob L. Robinson, Jr. Endowed Graduate Fellowship (\$1,000), OSU School of Chemical Engineering, 2019–2020

Walt Kolb Graduate Studies Scholarship (\$1,500), OSU Graduate College, 2018–2019

Selected to attend User Training Workshop: Developing Multi-Scale, Virtual Tissue Simulations with CompuCell3D, Bloomington, IN, 2017

13. Minu R. Pilvankar, OSU CHE, Jan 2016–May 2019, Defense: 3/28/2019

Now at Boehringer Ingelheim pharmaceutical company as Senior Scientist

Dissertation: “Mechanistic Computational Modeling for Pathophysiology and Pharmacology: Case Studies of Diabetic Kidney Disease, Latent Tuberculosis, and Opioids”

Graduate Certificate in Interdisciplinary Toxicology

ACM SIGHPC/Intel Computational and Data Science Fellowship (\$15,000/year for 2 years), 2017–2019

OSU Interdisciplinary Toxicology Program Fellowship (\$2,500), 2017–2018

OSU Spears School of Business Creativity, Innovation, & Entrepreneurship Scholars Program (\$2,500), 2017–2018

OSU Women’s Faculty Council Student Research Award (\$1,000), 2017

Selected to attend (with travel support) SIAM Conference on Computational Science and Engineering, Broadening Participation Program, 2017

Best Poster Award, SIAM Conference on Computational Science and Engineering, 2017

3<sup>rd</sup> place poster, ASEE Midwest Section Conference, 2017

Gold Poster Prize (1<sup>st</sup> place) for Graduate Student & Postdoc Category, Harold Hamm Diabetes Center Research Symposium, 2016

Outstanding Poster Presentation, New York Academy of Sciences Symposium on Chronic Kidney Disease, 2016

Selected to attend (with travel support) Mathematics Research Communities Conference on Mathematics in Physiology and Medicine, 2016

Summer Research Fellowship (\$4,000), OSU Graduate College, 2016

14. Kapil Gumte, OSU CHE, Aug 2014–Dec 2015, left the university without completing Ph.D. degree

Now at Indian Institute of Management Jammu as Assistant Professor

**C. Postdoctoral scholars advised (2 total)**

1. Mohammad Aminul Islam, Ph.D. Chemical Engineering, Missouri University of Science and Technology, 2019

Postdoctoral Research Associate, OSU, Dec 2019–Jan 2021, UB, Jan 2021–Jun 2025

Now at University of Delaware as Assistant Professor (Continuing Track), Biomedical Engineering

Travel grant to attend American Society for Matrix Biology Workshop: The Many Faces of Fibroblasts, 2022

2. Jabia M. Chowdhury, Ph.D. Electrical and Computer Engineering, University of Memphis, 2022

Postdoctoral Research Associate, UB, May 2022–Aug 2023

Now at Texas A&M University at Texarkana as Assistant Professor, Electrical and Computer Engineering

**D. Undergraduate research students advised (55 total)**

***Total UG research scholarship program mentoring***

2 NSF Graduate Research Fellows, 2 Goldwater Scholars, 2 Bauer Foundation WiSE Scholars, 2 Niblack Scholars, 3 Wentz Scholars, 2 Oklahoma Louis Stokes Alliance for Minority Participation Scholars (OK-LSAMP) Scholars, 2 CEAT Undergraduate Research Scholars, 2 Wentz Semester Grant Scholars, 9 Freshman Research Scholars

### PROFESSIONAL SERVICE

---

#### A. American Institute of Chemical Engineers

2nd Vice-Chair/1st Vice-Chair/Chair/Past-Chair (4-year term with 1 year in each role), Computing and Systems Technology (CAST) Division, 2024–2028

Panelist, “LatinXinChE Strategies for a Successful NSF CAREER Proposal” panel, virtual, 2025

Director, CAST Division, 2022–2024

Revamped the CAST poster session at the AIChE Annual Meeting to include an online preliminary round of poster reviews in advance of the conference, 2024

Mentor, Future Faculty Mentoring Program, Education Division, 2020–2025

2023–2024 mentee Dr. Wheaton Schroeder is tenure track faculty at Washington State University

2022–2023 mentee Dr. Catherine Majors is tenure track faculty at Clemson University

2021–2022 mentee Dr. Sophia Orbach is tenure track faculty at Rowan University (BME)

2021–2022 mentee Dr. Vivek Bajpai is tenure track faculty at University of Oklahoma

2020–2021 mentee Dr. Shachi Mittal is tenure track faculty at University of Washington

Panelist, “Minority Affairs Community and Women in Chemical Engineering Community Speed Mentoring Event,” Annual Student Conference, 2022

Panelist, “CAST Academic Career” panel, virtual, 2021

Produced “Time saving tips for using iPosters for AIChE (virtual) Annual Meeting” video with over 3,500 views, 2020

Chair, Virtual Community of Practice on Chemical Reaction Engineering & Process Control, Education Division, 2020

Planning committee member and moderator, Women’s Initiatives Committee (WIC) 20<sup>th</sup> Anniversary Topical Conference, AIChE Annual Meeting, 2018

2018 AIChE Annual Meeting Program Coordinator, Area 10d: Applied Mathematics and Numerical Analysis, CAST Division, 2015–2018

Faculty panelist, WIC Graduate Students and Postdocs Workshop, AIChE Annual Meetings, 2017, 2018

Chem-E Car Competition emcee, AIChE Mid-America Regional Student Conference, 2018, local competition, 2017–2019

Social media coordinator, CAST Division, 2016–2022

## **B. American Society for Engineering Education**

Distinguished Member Grade, 2025–Present

Planning committee for 2027 ASEE/AIChE Summer School for Chemical Engineering Faculty, 2023–Present

Awards Co-Chair, Chemical Engineering Division (CHED), 2022–Present

Chair-Elect/Chair/Past-Chair (3-year term, 1 year in each role), CHED, 2019–2022

Facilitator, CHED Virtual Community of Practice in Action on Inclusive Teaching Practices, 2022

Facilitator, CHED Conversation Series on Inclusion and Thriving, 2020–2021

Panelist and moderator, “Inclusion in Chemical Engineering: Reflections From the Conversation Series on Inclusion and Thriving,” panel discussion, Chemical Engineering Division, ASEE Annual Meeting, Virtual, 2021

Panelist, “Equity in Engineering Education: Perspectives From Different Engineering Disciplines” panel discussion, Equity, Culture & Social Justice in Education Division, ASEE Annual Meeting, Virtual, 2021

Panelist, “Striking a Balance with Teaching, Research and Service” panel discussion, ASEE Midwest Section Conference, Virtual, 2021

P-12 Committee Representative from CHED, 2018–2019

Director, CHED, 2017–2019

Technical Programming Committee Member, 2017 ASEE Midwest Section Conference, OSU, 2016–2017

## **C. Biomedical Engineering Society**

BMES Annual Meeting Track Chair for Bioinformatics, Computational and Systems Biology Track, 2023

## **D. Computer Aids for Chemical Engineering**

Academic Trustee, 2020–Present

Facilitator, ASEE/AIChE Chemical Engineering Summer School session: “Numerical Problem Solving across the Curriculum with Python and MATLAB Using Interactive Coding Templates,” 2022

Coordinator of CACHE Trustee submissions of workshops to the ASEE/AIChE Chemical Engineering Summer School, 2021

Education Materials Committee Member, 2021–Present

Diversity Committee Member, 2020–2024

## **E. Chemical Engineering Education Publications Board**

Board Member, 2018–2024

Hiring Committee Member for Assistant Editors, 2023

Chair, Technology Sub-Committee, 2020–2022

## **F. Department of Engineering Computational Science Graduate Fellowship**

Fellowship Selection Committee, 2023

Postdoctoral and career panelist, DOE CSGF Annual Program Review, 2017

Fellowship Screening Panel, 2013, 2015–2018, 2022

## **G. Society for Mathematical Biology**

Diversity, Equity, and Inclusion Committee Member, 2020–2024

Recruitment booth, National Diversity in STEM Conference, 2022

## **H. Society of Women Engineers**

Invited speaker, weSTEM Conference, GradSWE Illinois, Champaign, IL, 2023

Girl Scout Liaison, SWE Boston Professional Section, Boston, MA, 2012–2014

Workshop developer and instructor, Clean Water through Chemical Engineering session for Changing the World through STEM Expo, Girl Scouts of Eastern Massachusetts, Boston, MA, 2012, 2014

Mentor, Women in Science & Engineering program, MIT Collegiate Section, 2012–2013

Outreach Committee Member, Boston Professional Section, Boston, MA, 2012–2014

Outreach Committee Member, UIUC Student Section, Urbana, IL 2008–2009

## **I. Additional Conference/Symposium Planning Committees & Panels**

Vice-Chair, 2027 Physical Science of Cancer Gordon Research Conference, 2025–2027

Planning committee member and project team co-leader, Women in Mathematical Computational Biology Workshop, Institute for Computational and Experimental Research in Mathematics, Providence, RI, 2025

International Program Committee, 14<sup>th</sup> IFAC Symposium on Dynamics and Control of Process Systems, including Biosystems (DYCOPS), Bratislava, Slovakia, 2025

Panelist, Career Event, Sargent Centre for Process Systems Engineering, Imperial College London, Virtual, 2024

Lead organizing team member, Great Lakes Process Systems Engineering Student Workshop, University at Buffalo, Buffalo, NY, 2024

Planning committee member, 2<sup>nd</sup> Netflux and Logic-based Network Biology Meeting, Virtual, 2024

Planning committee member, Great Lakes Process Systems Engineering Student Workshop, Carnegie Mellon University, Pittsburgh, PA, 2023

Project team leader, Modeling Sex Differences in Physiology collaboration workshop, Banff, AB, Canada, 2023

Planning committee member, Collaborative Workshop for Women in Mathematical Biology: Mathematical Approaches to Support Women's Health, Minneapolis, MN, 2022

Planning committee member, 2022 Systems Approaches to Cancer Biology Conference, Woods Hole, MA, 2021–2022

Planning committee member, 2020 Systems Approaches to Cancer Biology Conference, Virtual, 2019–2020

Program committee member, Interagency Modeling and Analysis Group Multiscale Modeling Meeting, Virtual, 2020

Planning committee member, 2012 Path of Professorship future faculty workshop for MIT female graduate students and postdoctoral researchers, MIT Office of the Dean for Graduate Education, Cambridge, MA, 2012

Planning committee member, Symposium on Emerging Topics in Control & Modeling: Biomedical Applications student-led research symposium with nation-wide participation and 12 invited keynote speakers, UIUC Beckman Institute and Coordinated Science Laboratory, Urbana, IL, 2009–2010

Planning committee member, UIUC Dept. of Chemical & Biomolecular Engineering Graduate Research Symposium, Urbana, IL, 2007

## **J. Conference Moderator and Referee Roles**

Conference session chair/co-chair/moderator: AIChE Annual Meeting, 2011, 2014, 2015, 2016 (3 sessions), 2017 (4 sessions), 2018 (4 sessions), 2019 (2 sessions), 2020 (2 sessions), 2021 (2 sessions), 2022, 2023, 2024; ASME Oklahoma Symposium, 2015; ASEE Annual Meeting, 2013, 2022; ASEE Midwest Section Conference, 2018, 2019; BMES Annual Meeting, 2014, 2016, 2020, 2022, 2023 (5 sessions, Track Chair); Foundations of Systems Biology in Engineering Conference, 2018, 2022; SIAM Life Sciences, 2020; SMB Annual Meeting, 2015, 2023 (mini-symposium organizer for Mathematical Approaches to Support Women's Health), 2025 (mini-symposium organizer for Systems Approaches to Cancer Biology); Society of Petroleum Engineers Regional Paper Contest, 2015

Conference reviewer: American Control Conference, 2016, 2018; AIChE Annual Meeting, 2011, 2014–2024; ASEE Annual Meeting, 2016–2025; ASEE Midwest Section Conference, 2017; BMES Annual Meeting, 2014, 2015, 2016 (2 tracks), 2020, 2022, 2023 (Track Chair); Collaborative Network for Computing & Engineering Diversity, 2020; Foundations of Systems Biology in Engineering, 2018, 2019; European Symposium on Computer Aided Process Engineering, 2023; Interagency Modeling and Analysis Group Multiscale Modeling Meeting, 2020; International Federation of Automatic Control World Congress, 2020; LatinXinChE Virtual Symposium, 2025; National Organization for the Professional Advancement of Black Chemists and Chemical Engineers (NOBCChE) Conference, 2020; Process Systems Engineering, 2018; Society for the Advancement of Chicanos/Hispanics and Native Americans in Science (SACNAS) – The National Diversity in STEM Conference, 2020

Conference student award reviewer: CAST Division, AIChE Annual Meeting, 2016, 2017, 2022–2024; BMES Annual Meeting, 2014

Poster session judge: AIChE Annual Meeting CAST Division Applied Mathematics Area, 2015–2018, 2023, 2025; AIChE Annual Meeting CAST Division Directors Award, 2021–2022, 2024; AIChE Annual Meeting Minority Affairs Committee Eminent Engineers, 2021; AIChE Annual Meeting Undergraduate Session, 2013; ASEE Annual Meeting, 2024; ASEE Midwest Section Conference, 2016, 2017; DOE CSGF Annual Program Review, 2012, 2013, 2017, 2022; Interagency Modeling and Analysis Group Multiscale Modeling Conference (Virtual), 2020; OK-LSAMP Symposium, 2017, 2018; SACNAS National Diversity in STEM Conference, 2022; OSU Biochemistry & Molecular Biology

Research Symposium, 2019; SIAM Annual Meeting, 2016; Summer Biomechanics, Bioengineering, and Biotransport Conference (Virtual), 2020; UB Department of Chemical and Biological Engineering Graduate Research Symposium, 2021, 2022, 2024, 2025; UIUC Department of Chemical & Biomolecular Engineering Graduate Research Symposium, 2022

Oral session judge: CAST Division Directors' Award, AIChE Annual Meeting, 2022–2024; K-12 STEM Showcase Competition, AIChE Annual Meeting, 2023; LatinXinChE Virtual Symposium, 2023, 2025; Martin Award, Chemical Engineering Division, ASEE Annual Meeting, 2022, 2024, 2025; Student Paper Competition, AIChE Mid-America Regional Student Conference, 2018; UIUC Department of Chemical & Biomolecular Engineering Graduate Research Symposium, 2022

## **K. Journal Referee**

Acta Biomaterialia; Advanced Healthcare Materials; AIChE Journal; ASEE Computers in Education; Biotechnology & Bioengineering; British Journal of Pharmacology; Bulletin of Mathematical Biology; Cellular and Molecular Bioengineering; Chemical Engineering Education; Computations; Computers & Chemical Engineering; Computing in Science and Engineering; Current Drug Delivery; Current Opinion in Systems Biology; Drug Delivery Letters; Drug Development & Industrial Pharmacy; Drug Discovery Today; Education for Chemical Engineers; Environmental Toxicology & Chemistry; European Journal of Education; European Journal of Pharmaceutics & Biopharmaceutics; Frontiers in Physiology; Hydrological Processes; IEEE Transactions on Biomedical Engineering; IEEE Transactions on Control Systems Technology; Industrial & Engineering Chemistry Research; Integrative Biology; International Journal of Numerical Methods for Heat & Fluid Flow; International Journal of Pharmaceutics; Involve: a Journal of Mathematics; Journal of Pharmacokinetics & Pharmacodynamics; Journal of Process Control; Journal of Theoretical Biology; Mathematical Medicine & Biology; npj Systems Biology and Applications; Optimal Control, Applications & Methods; PLoS Computational Biology; Processes

## **UNIVERSITY SERVICE**

---

### **A. University at Buffalo, 2021–Present**

#### ***Department of Chemical and Biological Engineering***

Member, Faculty Search Committee for senior hire in AI and biotechnology, 2025–Present  
Emcee, undergraduate scholarship reception, 2024, 2025  
Chair, Student Awards Committee, 2022–Present  
Member, Undergraduate Committee, 2022–Present  
Outstanding Dissertation Award selection panel, 2022, 2023  
Faculty academic advisor, 2021–Present

#### ***School of Engineering and Applied Sciences***

Senior faculty mentor, Faculty Launch and Mentoring Program, 2024–Present  
Panelist, “NSF CAREER Workshop,” 2025  
Alternate member, Promotion Committee, 2025–Present  
Faculty mentor, NSF S-STEM (Award #2221556) Justice in Engineering for Design and Innovation (JEDI) Scholars Program, 2023–2025  
Alternate member, Tenure Committee, 2022–2025  
Committee for Justice, Equity, Diversity, and Inclusion, Spring 2021–Fall 2023

#### ***University***

Honors Transfer/Internal Admissions Committee, 2025  
Presenter, NOBCCHE professional development session: “Conference Best Practices,” Oct 2025  
Faculty Fellow, Honors College, 2025–2027  
Faculty advisor, National Organization for the Professional Advancement of Black Chemists and Chemical Engineers (NOBCCHE), Fall 2023–Present  
Faculty Fellow for the NSF Graduate Research Fellowship Program, Graduate College, 2021–Present  
Member, Search Committee for Chair of Department of Pharmaceutical Sciences, 2021–2022  
Faculty panelist, Women in STEM event, UB Society of Industrial & Applied Mathematics and Association of Women in Mathematics student chapters, 2022

Faculty panelist, New Student Move-In events and Coffee & Conversations event, Women in Science & Engineering, 2021–2022

## **B. Oklahoma State University, 2014–2020**

### ***School of Chemical Engineering***

Social media coordinator, Fall 2016–Fall 2020

Faculty academic advisor, Fall 2015–Fall 2020

Faculty advisor, Chemical Engineering Student Mentoring Program, Spring 2015–Spring 2020

Organizer, Chemical Reaction Engineering course brewery tours, Spring 2016–Spring 2019

Organizer, ConocoPhillips Lectureship in Chemical Engineering Education, 2015–2019

Member, Search Committee for School Head, 2018–2019

Reviewer, Outstanding Graduate Student Award, Spring 2018

Member, Scholarship Committee, Spring 2015–Spring 2018

Member, Faculty Search Committee, 2014–2015, 2015–2016, 2017–2018

Seminar coordinator, Graduate Seminar Series, 2015–2016

### ***College of Engineering, Architecture and Technology***

Member, Math Advisory Committee, Fall 2019

Presenter, IGNITE Engineering Leadership Speaker Series: “Developing Non-Technical Skills,” Mar 2019

Faculty panelist, Passport to CEAT event for incoming freshmen, Aug 2018, Aug 2019

Interviewer, CEAT Scholar candidates, Jan 2016, Dec 2016, Dec 2017, Dec 2018, Dec 2019

Panel reviewer, St. Patrick’s Award for Outstanding CEAT Senior, OSU, Mar 2016, Mar 2017

Member, Diversity Programs/Women in CEAT Committee, Fall 2016–Spring 2017

Member, CEAT Undergraduate Laboratory Building (renamed as Endeavor Building) planning groups for fluids, heat transfer, and unit operations laboratories, 2016

### ***University***

Faculty advisor, Alpha Phi Omega co-ed service fraternity, Theta Sigma Chapter at OSU, Fall 2014–Fall 2020

Reviewer, OSU Women’s Faculty Council Research Award, Spring 2017–Spring 2020

Faculty advisor, Alpha Omega Epsilon technical sorority, Beta Pi Chapter at OSU, Fall 2014–Spring 2020

Presenter, OK-LSAMP professional development session: “Conference Best Practices,” Oct 2019

Faculty panelist, Undergraduate research informational event, OSU Alpha Omega Epsilon, Mar & Oct 2019

Interviewee and workshop participant, OSU research business process review with external consulting firm, Office of the Vice President for Research, Spring 2019

Faculty panelist, Preparing Future Faculty event, OSU Women’s Faculty Council, Apr 2019

Faculty advisor, Out in Science, Technology, Engineering, and Mathematics (oSTEM) Club at OSU, 2017–2019

Reviewer, Niblack Scholars Program, OSU, Spring 2015

Judge for oral presentations, OSU Graduate Research Symposium, Spring 2015

Interviewee, OSU Institute for Teaching and Learning Excellence ITLE LIVE 40-minute broadcast on engaging instructional practices: <https://vimeo.com/141915144>, Fall 2015

Faculty mentor, OSU First2Go Mentoring Program for first generation students, 2014–2015

## **COMMUNITY ENGAGEMENT & STEM OUTREACH SERVICE**

---

*Instructor for more than 80 STEM outreach events through the lab, university events, summer camps, Girl Scouts, Boys & Girls Club, Society of Women Engineers, Boy Scouts, a senior citizens’ center, and classroom visits in NY, OK, MA, and IL, 2002–Present. Selected events are highlighted below.*

Judge for AIChE K-12 STEM Showcase, AIChE Annual Meeting, Orlando, FL, 2023

Instructor for UB Chemical Engineering Summer Camp (week-long camp for high-school juniors and seniors) session on chemical engineering behind pharmaceutical dosing design and manufacturing (90 min of activities), Buffalo, NY, 2022–2025, (6 sessions total)

Interviewee, Fox 23 News Tulsa 3-minute broadcast “OSU researchers’ simulation shows how COVID-19 affects the body”: <https://www.fox23.com/news/local/osu-researchers-simulation-shows-how-covid-19-affects-body/2WGRLN5ZVBFUNION4XIVBIOAYM/>, 2020

Instructor for biomedical engineering session (6 hours of content) of Grandparent University three-day camp for grandchildren and their grandparents, Stillwater, OK, 2018, 2019, 2020 (*cancelled due to COVID-19*)

Instructor for College of Engineering, Architecture and Technology Summer Bridge Program chemical engineering design module (6 hour short course for incoming freshmen), Stillwater, OK, 2015–2019, (12 sessions total)

Demonstrator at hands-on booth featuring simulation apps from ANFV lab at Oklahoma EPSCoR Women in Science Conference for 1000+ middle school and high school girls and teachers, Tulsa, OK, 2016, 2017, Oklahoma City, OK 2018, 2019

Chemistry merit badge counselor for OSU Merit Badge University, Boy Scouts of America & Alpha Phi Omega service fraternity, Stillwater, OK, 2016, 2018, 2019

Guest speaker on biomedical engineering for high school biomedical sciences students from Central Technology Center vocational school, Drumright, OK, 2017, 2018

Guest speaker, Research Experience for Undergraduates seminar series on computational modeling at South Dakota School of Mines and Technology, webinar, 2017

Keynote speaker, National Center for Women in Information Technology Oklahoma Regional Aspirations in Computing Award reception, Stillwater, OK, 2017

Panelist, SWE Day outreach event for high school girls, Stillwater, OK, 2015

Guest lecturer, Girls' Angle Math Club for Girls, Cambridge, MA, 2013

Workshop developer and instructor, Clean Water through Chemical Engineering session for Changing the World through STEM Expo, Girl Scouts of Eastern Massachusetts, Boston, MA, 2012, 2014

Girl Scout Liaison for SWE Boston Professional Section, Boston, MA, 2012–2014

SWE Outreach Committee Member, SWE Boston Professional Section, Boston, MA, 2012–2014

SWE UIUC Collegiate Section, Urbana, IL, 2008–2009

Instructor for session on water filtration for middle school teachers at a teachers' enrichment program, UIUC, Urbana, IL, 2011

Lesson plan writer and tester for hands-on engineering activities in middle school and high school science classes, UIUC, Champaign, IL, 2010–2012

STEM activities director for one-week residential science camp for 4<sup>th</sup>–6<sup>th</sup> grade girls, Girl Scouts of Sooner Council, Marlow, OK, 2002

## ACADEMIC PROFESSIONAL DEVELOPMENT

---

Biomedical Engineering Society Annual Meeting, San Diego, CA, 2025

Board Game Academics Conference, The Strong National Museum of Play, Rochester, NY, 2025

Quantitative Systems Pharmacology Symposium, UB Department of Pharmaceutical Sciences, Buffalo, NY, 2025

Open Virtual Tissues Workshop on Multiscale Model Sharing and Reproducibility, University of Alberta, Edmonton, Canada, 2025

Mentor-Protégé Mentoring Workshop Series, UB Clinical and Translational Science Institute, Buffalo, NY, 2024

Model-Based Design of Experiments Workshop, 34th European Symposium on Computer Aided Process Engineering and 24th International Symposium on Process Systems Engineering (ESCAPE34-PSE24), Florence, Italy, 2024

Computational Modelling of Cancer Biology and Treatments Workshop, Banff International Research Station, Banff, Canada, 2023

National Diversity in STEM Conference, Society for Advancement of Chicanos and Native Americans in Science, San Juan, Puerto Rico, 2022

ASEE/AIChE Summer School for Chemical Engineering Faculty, Colorado School of Mines, 2022

ASEE Annual Meeting, Minneapolis, MN, 2022

The Impact of Racialized Bias on Academic Success in STEM, Lecture & Workshop, UB, 2022

ASEE CHED/AIChE Education Division Book Club on Teaching to Transgress: Education as the Practice of Freedom, Virtual, 2022

Computing for Teaching and Learning with Jupyter, George Washington University, 2021

AIChE Annual 2021 workshops: (1) Social Justice and Chemical Engineering and (2) The Science of Intersectionality Addressing Diversity, Equity, Inclusion, and Anti-Racism in 21st Century STEMM Organizations summit, National Academies of Science, Engineering, and Medicine, Virtual, 2021

Conversation Series on Inclusion and Thriving (facilitator), ASEE Chemical Engineering Division, Virtual, 2020–2021

SUNY PRODiG (promoting recruiting opportunity, diversity, inclusion, and growth) faculty support program, 2021

Living Materials Square Table, National Cancer Institute & National Science Foundation, Virtual, 2021
