

University at Buffalo

Department of Civil, Structural
and Environmental Engineering

School of Engineering and Applied Sciences

Mr. Peter Merlo, BS '97

Principal engineer for the city of Buffalo Division of Water

UB CSEE Alumni '97

Building professional connections as you complete your undergraduate degree is essential to preparing for your career. Do you have questions about how to prepare for life after school? Are you concerned about what opportunities may be available to you upon graduation?

Our job and internship event is an excellent opportunity to develop connections with companies looking to hire dedicated engineers. Mr. Merlo is a CSEE alumni. His presentation will last approximately 30 - 40 minutes, allowing for plenty of time to connect and ask questions.

About Peter Merlo

In addition to his BS, Peter also received a master's degree from UB. Prior to completing his master's he began a career that allowed him to earn another degree while working full time. He also served as the city engineer for Buffalo from 2008 to 2015. In his capacity as the city engineer for Buffalo from 2008 to 2015. In his capacity as city engineer, Merlo oversaw the development and execution of traffic and development projects in the city of Buffalo. Water engineering, according to Merlo, is analogous to traffic engineering.
