

School of Engineering and Applied Sciences

University at Buffalo *The State University of New York*

Dear UB Faculty, Graduate Students, and Friends

I am writing to cordially invite you to the **Annual Conference On Career Perspectives and Networking** hosted by the School of Engineering and Applied Sciences:

Thursday, April 16 – Friday, April 17, 2015

Davis Hall

University at Buffalo, North Campus

The School of Engineering and Applied Sciences at the University at Buffalo is among the finest research institutions in the country. With world-class facilities and faculty, graduates are better equipped than ever to contribute their skills and knowledge to the workforce. Many engineering alumni have gained national recognition and marked their careers with distinction. Realizing the excellence of education and research, employers are actively competing for our graduates on a global level.

The mission of this conference is to forge lasting connections between industry leaders and the brightest minds coming out of UB. It is the goal of this endeavor to promote the true excellence of graduate students and to give companies which have shown their commitment to the School prime access to distinguished students. This two-day event will feature a wide array of events including keynote lectures, poster competition, workshops, panel discussions, networking lunch and talent fair. Advanced registration for students is required.

Liesl Folks

Dean, School of Engineering and Applied Sciences
