APPOINTMENTS

Assistant Professor Industrial and Systems Engineering University at Buffalo, The State University of New York, Buffalo NY	Aug 2018—Present
Visiting Assistant Professor (joint appointment with Postdoctoral & Visiting Scholar position) School of Industrial Engineering Purdue University, West Lafayette IN	Jan 2018—Jul 2018
Postdoctoral Research Assistant Civil Engineering (Division: Construction Engineering and Management) Purdue University, West Lafayette IN	Aug 2017—Jul 2018

EDUCATION

Ph.D. in Civil Engineering Purdue University, West Lafayette, IN Advisor: Dr. Makarand Hastak Dissertation: <i>Towards a resilient grid: A risk-based decision analysis incorporating the impacts of severe weather-induced power outages</i>	Aug 2017
M.S. in Economics Focus area: Econometrics Purdue University, West Lafayette, IN	May 2016
M.S. in Civil Engineering Iowa State University, Ames, IA Advisor: Dr. Jennifer Shane Thesis: <i>Identification, assessment and proposing mitigation strategies for the risks involved in operations and maintenance activities on highways-crash data analysis and development of integrated risk management model</i>	Dec 2011
B.S. in Construction Engineering and Management Jadavpur University, Kolkata, India	Jun 2008

AWARDS & HONORS

Society Awards

Outstanding Young Investigator Award Institute of Industrial & Systems Engineering (IISE) Energy Systems (ES) Division	2021
---	------

Best Paper Awards

IISE Work Systems Best Student Paper 2nd place Institute of Industrial & Systems Engineering (IISE) Work Systems Division Paper: <i>Forecasting Spatial-temporal Variations in Emergency Shelter Demand Leveraging Human Mobility Data: A Data-Centric Multivariate Framework</i>	2023
IISE Work Systems Best Track Paper 2nd place Institute of Industrial & Systems Engineering (IISE) Work Systems Division Paper: <i>Forecasting Spatial-temporal Variations in Emergency Shelter Demand Leveraging Human Mobility Data: A Data-Centric Multivariate Framework</i>	2023
IISE DAIS Best Student Paper Finalist Institute of Industrial & Systems Engineering (IISE) Data Analytics & Information Systems (DAIS) Track Paper: <i>Mapping Human Mobility Variation and Identifying Critical Services During a Disaster Using Dynamic Mobility Network</i>	2022
SRA Student Best Paper Award International Society for Risk Analysis (SRA) Occupational Health and Safety Specialty Group (OHSSG) Paper: <i>Investigating Post-traumatic Stress Disorder (PTSD) among US Physicians during COVID-19: A Data-centric Approach Based on Survey Data</i>	2021
Risk Analysis Best Paper Award Risk Analysis Journal Paper: <i>A data-driven approach to assess supply inadequacy risks related to climate-sensitive electricity demand</i>	2019
IEEE Best Conference Paper Selected as one of the Best Conference Papers submitted to the 2017 IEEE PES General Meeting and presented at one of the four concurrent Best Conference Paper sessions Paper: <i>Estimating Climate—Demand Nexus to Support Long-term Adequacy Planning in the Energy Sector</i>	2017
PMI Jury Best Paper Award PMI Project Management Research & Academic Conference, Delhi India Paper: <i>Optimal selection of transmission line rehabilitation strategies to minimize power transmission costs</i>	2017

Academic Awards

1st Rank in B.S. Civil Engineering Jadavpur University, Kolkata India	2008
University Gold Medal Jadavpur University, Kolkata India	2008
Prabhat Kumar Memorial Gold Medal Jadavpur University, Kolkata India	2008
1st rank in the National Level Technical Paper Presentation Hyderabad, India	2008

Student Awards

ISE Graduate Student Research Award Prasangsha Ganguly, Ph.D. Student	2023
---	------

ISE Graduate Student Teaching Award Zhiyuan Wei, Ph.D. Student	2023
ISE Graduate Student Teaching Award - Honorable Mention Zhiyuan Wei, Ph.D. Student	2022
Student Merit Award: Society for Risk Analysis (SRA) Zhiyuan Wei, Ph.D. Student	2021

INVITED TALKS AND SEMINAR

- [T17] **University at Buffalo (SUNY) - Civil, Structural and Environmental Engineering Department**, “Designing for the future: A roadmap to advance climate resilience of the U.S. energy sector”, February 24, 2023;
- [T16] **Rochester Institute of Technology - Industrial and Systems Engineering Department**, “Integrated multilayered modeling of the complex interactions of sociotechnical systems with climatic extremes”, November 17, 2022
- [T15] **Society for Risk Analysis 2022**, “A Hierarchical Data Driven Optimization Framework to Enhance Power Grid Infrastructure Resilience Under Compound Effects of Climate Change and Extreme Weather Events”, December 4-8, 2022, Tampa FL (*Invited in session – Infrastructure Resiliency*)
- [T14] **University of Oklahoma**, “Harnessing Data-driven Risk Assessment Methods to Advance the Resilience and Sustainability of Socio-technical Systems”, January 28, 2022
- [T13] **Society for Risk Analysis 2021**, “A Geo-AI Based Framework for Modeling Wildfire-induced Failure Risk of Electric Power Grid”, December 5-9, 2021 (*Invited in session – Resilience Modeling of Energy Systems*)
- [T12] **George Mason University**, “A multifaceted data-driven risk assessment approach to advance the resilience and sustainability of socio-technical systems”, April 19, 2021
- [T11] **ASCE Women Water Nexus 11th Short Conference on Sewer Asset Management – Challenges and New Data-driven Methods (Key Speaker)**, “A two stage data driven spatiotemporal analysis to predict failure risk of urban sewer systems”, November 17, 2020
- [T10] **INFORMS Annual Meeting 2020**, “Towards Improved Energy Predictions: Modeling Energy Sector Couplings Using A Multivariate Predictive Framework”, November 9, 2020 (*Invited in session – Data Analytics in Energy Systems*)
- [T9] **Purdue University**, “Data-driven risk-informed decision analysis: Application towards sustainable energy systems”, Webinar; April 3, 2020
- [T8] **Florida State University and Florida A&M University**, “Towards climate-resilience of energy sector: A data-driven multidisciplinary approach to risk-informed decision making”, Tallahassee FL, February 26, 2018
- [T7] **University of Virginia**, “A roadmap towards climate-resilient energy infrastructure systems: A data-driven interdisciplinary approach to risk-informed decision analysis”, Charlottesville VA, February 20, 2018
- [T6] **University of Michigan**, “Quantifying and predicting the climate-induced demand shifts in the energy sector”, Ann Arbor MI, February 12, 2018
- [T5] **Vanderbilt University**, “Advanced data analytics to understand climate and severe weather risks in the electricity sector”, Nashville TN, April 25, 2017
- [T4] **Wharton Risk and Decision Center**, “Strategic decision-making for resilience investments in the infrastructure systems”, Philadelphia PA, June 21, 2017
- [T3] **Indian Institute of Technology, Delhi**, “Risk and decision analysis for resilience enhancement of critical infrastructure”, Delhi India, March 6, 2017
- [T2] **Cuba Consortium Meeting**, “Disaster Impacts on Communities and Mitigation Strategies”, Gainesville FL, June 17, 2016
- [T1] **World Bank and Indiana University–Purdue University Indianapolis (IUPUI)– Polis Center Joint Meeting**, “Overview of disaster risk reduction approaches”, Indianapolis IN, December 14, 2016

GRANTS

Funded

- [1] **NSF SAI: Strengthening American Infrastructure [Award Number: 2324616]** 2023
- *Integrating equity in Emergency Management: A human-centered decision framework to improve polycentric governance of critical infrastructure in wildland-urban interfaces*
- **Role: PI** [Co-PIs: Jose Walteros—Department of Industrial and Systems Engineering, UB; Susan Clark—Department of Environment and Sustainability, UB; Jungwon Yeo—School of Public Administration, UCF]
- Funding amount: 750,000 USD
- [2] **NSF RAPID – HDBE Humans, Disasters and Built Environment [Award Number: 2308524]** 2023
- *Exploring Impacts of Cascading Failure and Recovery Efforts of Interdependent Critical Infrastructure in Socially Vulnerable Puerto Rican Communities After Hurricane Fiona*
- **Role: Co-PI (50%)** [PI: Diana Ramirez-Rios — Industrial and Systems Engineering]
- Funding amount: 49,999 USD
- Project period: 01/01/2023 — 12/31/2023
- [3] **Natural Hazards Student Research Grant, Center for Geohazards Study** 2022
- *Modeling Disparities in Accessibility to Essential Services Under Disasters Using Large Scale Mobility Data*
- **Role: Supervisor**
- Funding amount: 2000 USD
- [4] **Natural Hazards Student Research Grant, Center for Geohazards Study** 2021
- *Understanding Wildfire Induced Risk on Interconnected Infrastructure Systems Using a Bow-Tie Model and Self-Organizing Maps*
- **Role: Supervisor**
- Funding amount: 1500 USD
- [5] **American Medical Association (AMA) Collaboration** 2020
- *Towards mental wellbeing of frontline healthcare workers: A risk-informed adaptive decision framework to minimize psychosocial effects of the COVID-19 pandemic*
- **Role: PI (100%)** [Phase-I, Collaboration study facilitating survey for data collection 2020-2021]
- Funding amount: N/A
- [6] **SUNY Research Seed Grant Program [RFP #20-03-COVID]** 2020
- *Towards resilient and sustainable healthcare system: An integrated risk-informed decision framework for optimal allocation of resources*
- **Role: PI (60%)** [Co-PIs: Li Lin—Industrial and Systems Engineering, UB; Winnie Chen—Industrial and Systems Engineering, UB]
- Funding amount: 7500 USD
- [7] **SUNY Research Seed Grant Program** 2020
- *Evaluating gaps between perceived and objective risks of fire in wildland-urban interface communicates*
- **Role: Co-PI (33.3%)** [PI: Negar Elhami-Khorasani—Civil, Structural & Environmental Engineering Dept. UB; Co-PIs: Janet Z. Yang—Dept. of Communication UB, Kevin T. Smiley—Dept. of Sociology UB, Kang Sun—Civil, Structural & Environmental Engineering Dept. UB]
- Funding amount: 30,000 USD
- [8] **Center for Disease Control and Prevention (CDC) National Violent Death Reporting System (NVDRS) Restricted Access Dataset (RAD) Data Proposal** 2020
- *Develop a data-driven predictive framework to identify, assess and predict the socio-economic, demographic and environmental risk factors for the growing suicide rates in the U.S. at various*

spatiotemporal scales

- **Role: PI (100%)** [Phase-I, Data Proposal]
- Funding amount: N/A

Submitted

- [1] **NSF CAREER: Faculty Early Career Development Program, submitted to Humans, Disasters and Built Environment (HDBE)** 2023
- *Strengthening electric grid under compound climatic threats: A unified equitable resilience building framework integrating research and education*
 - **Role: PI (100%)**
 - Funding amount: 599,909 USD

Not Funded

- [1] **NSF CMMI – Critical Infrastructure Systems (CIS)** 2022
- *A Data-centric, Dynamic, Interactive Framework for Wildfire-induced Multidimensional Risk Assessment of Critical Interdependent-infrastructure Systems*
 - **Role: PI (60%)** [Co-PIs: Negar Elhami-Khorasani & Kang Sun—Civil, Structural and Environmental Engineering]
 - Funding amount: 516,000 USD
- [2] **NSF CMMI – Humans, Disasters and Built Environment (HDBE)** 2022
- *Harmonizing objective, perceived, and institutional risks for effective wildfire mitigation in wildland-urban interface communities*
 - **Role: PI (33.3%)** [PI: Negar Elhami-Khorasani—Civil, Structural & Environmental Engineering Dept. UB; Co-PIs: Janet Yang, Kang Sun, Michael Shelly, Kevin Smiley]
 - Funding amount: 393,834 USD
- [3] **NSF Large-scale Coastlines and People (CoPe)** 2022
- *Bridging Data to Action for Improving Equitable Outcomes in Coastal Community Resilience Processes*
 - **Role: UB PI (100%)** [Subcontracted from Direct Sponsor – Texas A&M University]
 - Funding amount: 805,026 USD
- [4] **National Institute of Occupational Safety & Health** 2022
- *A Multivariate Predictive Risk Assessment Framework to Model Physicians' Psychosocial Work Environment and Mental Health: Insights from the COVID-19 Pandemic*
 - **Role: PI (60%)** [Co-PIs: Lance Rintamaki—Department of Communications; Janet Shucard—Jacobs School of Medicine]
 - Funding amount: 413,945 USD
- [5] **NSF CMMI – OE Operations Engineering Program** 2021
- *A Human-Centered Multiparadigm Risk-Informed Decision Analysis Framework to Enhance Regional Healthcare Capacity and Resilience During an Epidemic/Pandemic*
 - **Role: PI (60%)** [Co-PIs: Li Lin—Industrial and Systems Engineering, UB; Winnie Chen—Industrial and Systems Engineering, UB]
 - Funding amount: 625,000 USD
- [6] **Data.org Inclusive Growth and Recovery Challenge** 2021
- *Overcoming Data Poverty in International Development: Assessment, Informed Decision Making, and Scalability in DR Congo*
 - **Role: PI (30%)** [Phase-I: Letter of Intent Pre-proposal; Collaboration of Polus Center for Social & Economic Development, Inc., and University at Buffalo (SUNY)]
 - Funding amount: 1,000,000 USD
- [7] **Russell Sage Foundation Grant: COVID-19 Special Call** 2021
- *An Interdisciplinary Approach to Mental Health and Trauma Experienced by Frontline*

Healthcare Providers in the COVID-19 Pandemic

- **Role: PI (50%)** [Phase-I: Letter of Intent Pre-proposal; Co-PIs: Lance Rintamaki—Department of Communications, UB; Janet L. Shucard—Department of Neurology, UB]
- Funding amount: 175,000 USD

- [8] **NSF Decision Risk and Management Science** 2020
- *Towards mental wellbeing of frontline healthcare workers: A risk-informed adaptive decision framework to minimize psychosocial effects of the COVID-19 pandemic*
 - **Role: PI (80%)** [Phase-I: Letter of Intent Pre-proposal; Co-PI: John Violanti—Department of Epidemiology and Environmental Health, UB]
 - Funding amount: 216,000 USD
- [9] **Natural Hazards Center Quick Response Grant** 2020
- *Towards wellbeing of the refugee community: A mixed-method approach to investigate effective psychosocial support systems in minimizing mental health risks during the COVID-19 pandemic*
 - **Role: PI (80%)** [Co-PI: Isok Kim—School of Social Work, UB]
 - Funding amount: 3,000 USD
- [10] **Robert Wood Johnson Foundation (RWJF): Health Data for Action: Leveraging Health Data for Actionable Insights (Data Access Award)** 2018
- *A data-centric multi-paradigm decision analysis framework to minimize disparity and inequity in rural healthcare access and utilization*
 - **Role: PI (90%)** [Co-PI: Ying Cao—Dept. of Epidemiology and Environmental Health UB]
 - Funding amount: N/A (Phase-I, Data Proposal)
- [11] **New York State Energy Research & Development Authority (NYSERDA)** 2018
- *Developing Demand Responsive Out-of-Home PEV Charging*
 - **Role: PI (30%)** [PI: Roger B. Chen—Civil & Environmental Engineering Dept. RIT; Co-PI: Jee Eun Kang—Dept. of Industrial and Systems Engineering]
 - Funding amount: 50,000 USD

INDUSTRY AND CONSULTING EXPERIENCE

- [1] *Consulting for Versar Inc.:* Served as an external peer reviewer for the Climate Change Indicators Report, published by the U.S. EPA's Climate Change Division (CCD) in the Office of Atmospheric Programs (OAP) in the U.S. [2020].
- [2] *Consulting for Customer Care Network, Inc. and New York Power Authority:* Providing expert advice on energy demand forecasting models, assess issues of the existing models used for energy pricing and energy management decision making, and conduct focus group meetings sharing the findings and recommendations [2018-2019].
- [3] *Project Engineer at M.N. Dastur & Company Consulting Firm:* Worked on several civil engineering projects as a planning and scheduling engineer [2008-2010]

ADVISING & MENTORING

Ph.D. In Progress

- Zhiyuan Wei [Degree expected in Fall 2023]

Ph.D. Students Graduated

- Prasangsha Ganguly [Graduated – Summer 2023]: *Strengthening Electricity Infrastructure Under Compound Climatic Threats: A Multi-Faceted Quantitative Framework*
- 1st Job: Senior Analyst in Revenue Management Operations Research at American Airlines

M.S. Thesis In Progress

- Fatima Umar [Degree expected – Spring 2024]

M.S. Thesis Completed

- Pranav Vinod Pillai [Graduated – Summer 2023]: *A Multi-Faceted Framework to Comprehend Energy Poverty Dynamics across Climate Zones in the United States Leveraging Data-Driven Machine Learning Techniques*
- Yashraj Shashikant Sharma [Graduated – Spring 2023]: *Generating Wildfire Risk Maps for Critical Infrastructure Systems Using Integrated Generative AI and Simulation Techniques Under Information Uncertainty*
- 1st Job: Revenue Management Analyst at AFSLogistics

- Aishwarya Mahendra Gupta [Graduated – Spring 2021]: *Investigating public sentiment towards government-issued COVID-19 policies and mandates through the Twitter lens: A data-centric approach*
- 1st Job: Safety & Compliance Program Manager at Amazon

M.S. Research Project Supervision

- Gokul Selvaraj [Aug 2020-April 2021]: *Data visualization: Mental health analytics across the US*
- 1st Job: Supply Chain Data Analyst at Logistics Plus, Inc.
- Abinesh Senthil Kumar [Jan 2020-Feb 2021]: *Survey data analytics: Post Traumatic Stress Disorder of Physicians during COVID-19 Pandemic*
- 1st Job: Business Analyst at Amazon
- Pranav Mulik [Jan 2020-May 2020]: *Exploratory Analysis: Predicting hourly electricity demand for the ISO regions in New York*
- 1st Job: Quality Engineer at Henkel Aerospace, San Francisco CA
- Khushbu Girish Rathi [Jan 2020-May 2020]: *Exploratory Analysis: Predicting hourly electricity demand for the ISO regions in New York*
- 1st Job: Business Analyst at Amazon
- Akshay Sanjay Agrawal [Jan 2019-Aug 2019]: *Impact of Thermal Stress on Public Health*
- 1st Job: Credit Risk Analysis at SoFi, California
- Krishna Chaitanya Raja Hajarath [Jan 2020-Aug 2020]: *Mapping of community mental health in the U.S.*
- 1st Job: Supply Chain Planner 2 at Western Digital, California
- Shivam Mayankbhai Dave [Jan 2020-May 2020]: *Suicide disparities in metropolitan areas in the U.S.*
- Adil Baran Narin [Jan 2020-May 2021]: *Modeling multidimensional population health*

Undergraduate Research Mentoring

- Henry Hodge [Degree expected – Spring 2024]
- Huize Hou [Degree expected – Spring 2024]
- Jonathan Chen [Degree expected – Spring 2024]
- Rufus Nguyen-Mcdowell [Degree expected – Spring 2023]
- Bryce Zhong [Graduated – Spring 2021] (Joined MS program in Computer Science at Johns Hopkins University)
- Saumya Pandey [Graduated – Spring 2021]
- Theodore Gerstein [Graduated - Spring 2019] (Joined Graduate Program at University of Illinois at Urbana-Champaign (UIUC))

Committee Member of Ph.D. Dissertations

- Kaylie Butt, Industrial and Systems Engineering [Expected Graduation - 2024]
- Fernando Szasdi-Bardales, Civil, Structural and Environmental Engineering [Expected Graduation - 2024]
- Himangshu Paul, Industrial and Systems Engineering [Graduated – Summer 2022]
- Nima Masoudvaziri, Civil, Structural and Environmental Engineering [Graduated Spring 2022]
- Ridwan Al Aziz, Industrial and Systems Engineering [Graduated – Fall 2021]
- Nafisa Mahbub, Industrial and Systems Engineering [Graduated – Summer 2021]

Committee Member of M.S. Thesis

- Michael Monzillo, Geography [Graduated - Spring 2021]
- Hailie Suk, Mechanical and Aerospace Engineering [Graduated - Fall 2020]

TEACHING ACTIVITIES

Course Instructor, Industrial and Systems Engineering, University at Buffalo (SUNY)

- IE 500 / 459: Data Analytics and Predictive Modeling
 - Enrollment: Ph.D., M.S., and Undergraduate Students
 - Overall instructor rating: N/A; Overall course rating: N/A Fall 2023
 - Overall instructor rating: 4.8/5; Overall course rating: 4.7/5 Spring 2023
 - Overall instructor rating: 4.8/5; Overall course rating: 4.5/5 Fall 2021
 - Overall instructor rating: 4.9/5; Overall course rating: 4.9/5 Fall 2020
 - Overall instructor rating: 3.9/5; Overall course rating: 3.6/5 Fall 2019
- IE 600 TUT: Advanced Data Analytics and Predictive Modeling
 - Enrollment: Ph.D. and M.S. Students
 - Overall instructor rating: 4.5/5; Overall course rating: 4.5/5 Spring 2019
- IE 600 TUT / IE 670 TUT: Data-driven Risk and Decision Analysis
 - Enrollment: Ph.D. and M.S. Students (*no course ratings available because of enrollment ≤ 5*)
 - Overall rating: N/A Spring 2023
 - Overall rating: N/A Spring 2022
 - Overall rating: N/A Spring 2021
 - Overall rating: N/A Spring 2020
- IE 322: Analytics and Computing for Industrial Engineers
 - Enrollment: Undergraduate Students
 - Overall instructor rating: N/A; Overall course rating: N/A Fall 2023
 - Overall instructor rating: 3.9/5; Overall course rating: 3.9/5 Fall 2021

Course Co-Instructor, Division of Construction Engineering and Management, Purdue University

- CE 691: Research seminar course for new grad students Spring 2018, Fall 2017
 - Enrollment: Ph.D. and M.S. Students
- CE 222 / CEM 201: Life Cycle Engineering and Management of Construction Facilities Spring 2016
 - Enrollment: Undergraduate Students

Graduate Teaching Assistant, Division of Construction Engineering and Management, Purdue University

- CE 691: Research seminar course for new grad students Fall 2014
 - Enrollment: Ph.D. and M.S. Students

Graduate Teaching Assistant, Civil Engineering, Iowa State University

- GEN CHEM 177: General Chemistry Fall 2010
 - Enrollment: Undergraduate Students

PROFESSIONAL SERVICE ACTIVITIES

Professional Committees

- Competition Judge for JUMP into STEM 2022-2023 Program 2022
 - Program organized by Oak Ridge National Laboratory, NREL, Pacific Northwest National Laboratory, and U.S. Department of Energy

- Review Committee Member for the IISE Energy Systems Division Outstanding Young Investigator Award 2022
- Track Chair of the Data Analytics & Information Systems (DAIS) Track at the IISE Annual Conference & Expo 2022
- Chair of the Risk Science Committee, International Society for Risk Analysis 2021-Present
- Guest Editor on Special Issue of Socio-economic Planning Sciences Journal (Elsevier) 2022-2023
 - Title: *Data-driven Approaches in Modeling Climate Risk, Resilience and Sustainability of Food, Energy, Water, and Health (FEWH) Systems*
- Chair of the Engineering and Infrastructure Specialty Group, Society of Risk Analysis. 2021-2022
- Vice Chair of the Engineering and Infrastructure Specialty Group, Society of Risk Analysis. 2019–2020
- Reviewer Board Member of Climate Journal (MDPI) 2020-Present
- Editorial Board of Sustainable Infrastructures as Review Editor for Frontiers in Sustainable Cities 2020-Present
- Member of the Global Leadership Forum for Construction Engineering and Management Programs (GLF-CEM) Executive Committee 2020-2021

Conference Leadership

- **Symposium Chair**, Society for Risk Analysis General Meeting December 2022
 - Symposium title: *Towards Enhancing Power Grid Resilience Under Climatic Extremes*
- **Symposium Chair**, Society for Risk Analysis General Meeting December 2021
 - Symposium title: *Data-Centric Approaches for Efficient Disaster Risk Management and Climate Change Adaptation in the Digital Era*
- **Symposium Chair**, Society for Risk Analysis General Meeting December 2021
 - Symposium title: *Machine Learning and AI Towards Advancing Community and Infrastructure Risk and Resilience*
- **Symposium Chair**, Society for Risk Analysis General Meeting December 2020
 - Symposium title: *Big Data, Predictive Analytics and Risk Informed Decision Making in Healthcare System*
- **Judge**, Institute of Industrial and Systems Engineers (IISE) November 2020
 - Doctoral Student Colloquium
- **Symposium Chair**, Society for Risk Analysis General Meeting December 2019
 - Symposium title: *Data-driven Risk Modeling using Predictive Analytics Approach*
- **Session Chair**, INFORMS General Meeting October 2019
 - Session title: *Sustainable and Resilient Energy Systems*
- **Session Chair**, INFORMS Healthcare Conference July 2019
 - Session title: *Public Health and Health Policy*
- **Session Chair**, Construction Research Congress Conference April 2018
- **Session Chair**, INFORMS Annual Meeting November 2018
 - Session title: *Environmental Decision Analytics*
- **Session Chair**, INFORMS Annual Meeting November 2018
 - Session title: *Risk and Decision Analytics*

Proposal Reviewer / Panelist

- **Reviewer**: University of Michigan's Graham Sustainability Institute 2022
 - FY23 Carbon Neutrality Acceleration Program
- **Panelist**: National Science Foundation (NSF) 2022
 - *Humans, Disasters and Built Environment (HDBE) Program*

- **Reviewer:** Swiss National Science Foundation (SNSF) 2022
- *the Swiss Programme for International Research by Scientific Investigation Teams (SPIRIT) Program*
- **Panelist:** National Science Foundation (NSF) 2021
- *National Institute of Science and Technology (NSF-NIST) Disaster Resilience Research Grants*
- **Reviewer:** National Science Foundation 2019
- *Decision, Risk, and Management Science Program*

Academic Journal Reviewer

(Total articles reviewed till date: 50)

- American Journal of Health Promotion
- American Journal of Public Health
- Applied Energy
- ASCE-ASME: Journal of Risk and Uncertainties in Engineering
- Built Environment Project and Asset Management
- Energy Efficiency
- Energy Systems
- Frontiers in Sustainable Cities
- IEEE Access
- Nature Communications
- OMEGA: The International Journal of Management Science
- Reliability Engineering and System Safety
- Risk Analysis
- Safety Science
- Science of Total Environment
- Socio-Economic Planning Sciences
- Sustainable Cities and Society

University at Buffalo (SUNY)

- *Student Retention Task Force:* Member of the Data & Assessment Subcommittee and the Predictive Analytics Team 2020-2021

University at Buffalo (SUNY): School of Engineering and Applied Sciences (SEAS)

- *Conferral Expert in Energy Systems from SEAS:* "Help meet New York Power Authority (NYPA)'s ambitious renewable energy goals provided for in the Climate Leadership and Community Protection Act ("CLCPA") 2023
- *Junior Faculty Panelist:* "Global Dexterity: Tips for Working in a Global Environment" Workshop 2018

University at Buffalo (SUNY): Department of Industrial and Systems Engineering

- Founder and Faculty Adviser of Society for Risk Analysis UB Student Chapter 2021-Present
- Graduate Affairs Committee 2021-Present
- Faculty Search Committee for hiring Assistant Professor for Teaching 2021
- Led INFORMS Student Chapter Workshop on Citation Management Software 2020
- Committee Member of the ISE 75th Anniversary Celebration 2020-2021
- Offered guest lectures to new incoming ISE undergraduates on "How climate change impacts our communities". 2019-2021
- Led INFORMS Student Chapter Discussion Session on "The Transition from Ph.D. Student to Assistant Professor" 2019
- Institute of Industrial and Systems Engineers (IISE) Club Faculty Co-Advisor 2019
- Faculty Search Committee for hiring Assistant Professor for Teaching 2019

- Faculty representative from the ISE department at the Accepted Graduate Student Reception 2019
- Committee member of ISE Strategic Planning Subcommittee on Infrastructure Development and Department Reputation and Pride 2018-2019
- ISE Department Seminar Coordinator 2018-2019

OUTREACH ACTIVITIES

- Invited Speaker of International Visitor Leadership Program 2023
 - Hosted international visitors from Germany who came to Buffalo as part of the “Critical Infrastructure Security and Resilience” project organized by the U.S. Department of State and the International Institute of Buffalo
- Panelist for the Women in STEM Education (WiSE) 2023
 - WiSE & Shine: Sustainability Month Event, University at Buffalo (SUNY)
- Panelist for New Faculty Brownbag Panel Workshop 2022
 - Surviving the First Year and Beyond, University at Buffalo (SUNY)
- Workshop session chair at Tech Savvy Leadership Workshop 2019
 - Science and math workshop for girls in 6-12 grades organized by American Association of University Women, University at Buffalo (SUNY)
- Invited speaker: Middle school students’ research engagement 2017
 - Workshop organized by Women in Engineering Program (WEP)’s I2R and the EPICS (Engineering Projects in Community Service), Purdue University
- Mentoring new graduate students 2015
 - Program conducted by the Graduate School, Purdue University
- American Red Cross (ARC) Member 2013
 - Actively participating in post disaster relief operation interviewed affected people in the community after an intensive tornado (DR 616 Indiana Tornadoes) hit Indiana

PROFESSIONAL AFFILIATIONS

Member

- International Society for Risk Analysis 2018-Present
- Institute for Operations Research and the Management Sciences (INFORMS) 2018-Present
- Institute of Industrial and Systems Engineers (IISE) 2018-Present
- Institute of Electrical and Electronics Engineers (IEEE) 2017-2019
- American Society of Civil Engineers (AM, ASCE) 2015-2018

PROFESSIONAL DEVELOPMENT

- SUNY Virtual Symposium on Adaptive Learning 2020
 - University at Buffalo (SUNY)
- New Faculty Colloquium 2019
 - Organized by Institute of Industrial and Systems Engineers (IISE), Orlando FL
- New Faculty Academy, Teaching Workshop 2018
 - University at Buffalo (SUNY)
- Faculty Advancement, Success and Tenure (FAST) Workshop 2017
 - Purdue University
- Graduate Teacher Certification 2017
 - Purdue University
- Preparing for Future Faculty 2016
 - Purdue University
