

Important Dates

Spring Recess

March 16 - March 21

Last Day to Resign a Course

April 17

Job Opportunity

Electric Boat Corporation is hiring mechanical engineering students. We have had a number of MAE students go there to work over the past few years and so Electric Boat wants to continue the UB pipeline. They support the US Navy and other customers at their request with their product line associated with the design, construction, and technological upgrades for naval submarines.

If you are interested, they will be having an information session on March 2 and will conduct interviews on March 4. All information can be found on [Handshake](#).

On-Campus Event

March 3 | 4:30 PM | Salvador Lounge, 2nd floor Davis Atrium

Dinner & Discussion: What can a "girl" do with STEM? Anything she wants!

Despite a lack of role models, implicit bias, subtle stereotyping, racism, sexism, willful ignorance and blatant discrimination, you've made it this far and you're majoring in STEM.

... How will you persist?

... What happens when you get a job or enter graduate school?

... What will you do with YOUR STEM degree?

Have dinner with Dr. Tonya Matthews, Director of STEM Learning Innovation and Associate Provost for Inclusive Workforce Development at Wayne State University and hear her story!

Help us plan for food by RSVPing here: <http://tiny.cc/tonyamathews>

Summer Internship Opportunity

Quality Assurance Engineer Intern | Cree Lighting

Cree Lighting is an LED lighting pioneer known for being first – first to bring LED lighting to the masses, first to deliver no compromise white light, and first to offer a sensor-integrated intelligent lighting platform with the push of a button.

In this role, you will be part of the Quality Assurance Team supporting the Product Quality, Supplier Quality and Quality System.
