

Important Dates

Student Excellence Ceremony	May 7

Last Day of Spring Classes	May 10

Commencement	May 18

Drone Operators Needed

Good at flying drones? Calspan wants you!

A local aerospace company is working with the U.S. Department of the Interior and needs experienced drone operators to help with one or more deployments to the Western US to fly drones to battle forest fires. The deployment would be for 2 weeks at some point in the next 12 months and all your expenses would be covered. If you are interested, contact Dr. Kemper Lewis @ kelewis@buffalo.edu.

Campus Event

Monday, April 29th | 6:30 PM—7:30 PM | NSC 222
Engineers Without Borders 3rd General Body Meeting

This meeting we will be introducing signups, and information for our habitats for humanity housing rehabilitation partnership. Habitats For Humanity is an organization dedicated to providing affordable housing in order to provide strength, and stability to communities. Come learn how you can play a part in helping families gain access to housing demolished, built, or revitalized by you. Our newly elected e-board will also be introducing themselves this meeting, and will be discussing their strategies to continue the development of our international water filtration, and sanitation initiative.

Engineering students of all grade-levels, and backgrounds are encouraged to join us

Internship Opportunity

Niacet Corporation, a Niagara Falls company is looking for students to apply for their Summer 2019 Internship for Mechanical Engineers. Niacet is a leading producer of organic salts, including propionates and acetates, serving the Food, Pharmaceutical and Technical industries globally.
