

## Events & Campus Opportunities

**Thursday, October 2 | 5:30 PM—6:30 PM | Furnas 206**

### **UBPA Pilot Talks: Jerry Chapman**

The UB Pilots Association invites students and faculty of all majors to hear retired Lieutenant Col. Jerry Chapman discuss his more than 50 years of aviation experience. An informal Q&A will follow. This event is open to students, faculty, and staff of all majors!

For more information and a biography of the guest speaker, see [attached!](#)

**Tuesday, October 4 | 3:00 PM | Buffalo River Works**

### **Buffalo Riverworks Tour**

The student chapter for ASHREA and AIAs is putting on a tour of Buffalo Riverworks through disciplinary lenses of architecture and engineering. After the event, there will be a chance for students to socialize with professionals. If you have extra resumes from the STEM fair, this is a perfect time to bring them!

For more information, see [attached](#). To learn more sign up for this opportunity, visit them [online](#).

**Friday, October 5 | 11:00 AM—12:45 PM | Baldy Hall, Room 108**

### **ARUP Information Session**

Arup is hiring both interns and graduate engineers throughout most of our market sectors and in offices throughout the country. This includes civil engineering disciplines as well as mechanical, electrical, etc. Arup is always impressed with the students that we hire from UB and would love to see more UB grads join the team!

For more information see [attachment!](#)

## Internship/Employment Opportunities

**Thursday, October 4 | UB STEM Job & Internship Fair**

The Whiting-Turner Contracting Company is currently seeking to hire motivated engineering graduates (civil, mechanical, electrical, industrial) for our full time positions and continuing engineering students for our summer internships.

Whiting-Turner is among the top general contractor in the U.S, it was founded in 1909, is experiencing significant growth, and are an employee owned company with offices in nearly every state.

Stop by their booth at the UB STEM Job & Internship Fair for more information!

## ANNOUNCEMENTS

### Internship Opportunities

UB's Career Experience Program has Spring 2019 internship opportunities! For more information, click [here](#).

### Faculty Mentors

Faculty mentors are your first resource for questions related to career aspirations, research goals, and graduate school guidance. Sign up now [online](#).

### Career Building Skillshops

Career Building Skillshops, also known as workshops, focus on building top skills needed for today's job market! Learn more [online](#).

# Ret Lt Col Jerry Chapman

Retired Lieutenant Colonel Jerry Chapman will be giving a talk on his over fifty years of flight experience. His aviation experiences are almost too many to list. The first plane that he flew

was a Stinson 10a out of an airstrip that himself along with the help of his father and brothers built on old farm land behind their family home. Attending the University at Buffalo (UB) Lt. Col. Chapman studied Mathematics and joined the ROTC program at UB in order to graduate as an officer in the US Air Force. Upon finishing at UB he was assigned a Navigator position

in the Phantom F-4.

LT. Col. Chapman served on active duty military for eight years. During this time, he flew combat missions during the Vietnam war. After his time on active duty he came back home to Western New York and joined the 914<sup>th</sup> airlift wing as a navigator for the C-130 Hercules.

A few years after being involved in the unit he switched from the 914<sup>th</sup> to the 107<sup>th</sup> attack wing as a Weapon Systems Operator in the Voodoo 101. He remained in the Voodoo until the 107<sup>th</sup> had a conversion and switched to the Phantom F-4. Remaining in the unit until the base retired the Phantom F-4 in 1990 forcing him into retirement. After this he went on to buy his own Cessna 172SP Skyhawk then later a Piper Saratoga which he flies today regularly.

Come hear the amazing stories that Lt. Col. Chapman has to offer at the UBPA first ever pilot talk series being hosted in **Furnas 206 on 10/2/2018 from 5:30-6:30 pm.**
