

Important Dates

Winter 2018 Registration Begins	Oct 2
Fall 2017 Graduation Applications Due	Oct 15
Last day to resign	Nov 10
Fall Recess	Nov 22-25

Events

Oct 5 | 2:30 pm | 206 Furnas Hall

Marcus Yam Exclusive Q&A For MAE Undergraduates

This is an exclusive, invitation-only event for Mechanical and Aerospace Engineering Undergrads. This is a ticketed event so RSVP is required. Seating is limited to attendees. [RSVP](#).

Job Opportunities

NASA Glenn Research Center. The Structural Dynamics Branch at NASA Glenn Research Center has 2 postings for an Aerospace Engineer. [GS-7](#). [GS-9/11](#).

Involvement Opportunities

E-Tinker Lab and Design Studio. These spaces support extra-curricular activities (critical for your resume) that start as "tinkering" with the intent to help you develop further interest and ideas for your own projects that can leverage the SEAS distributed makerspaces. [Learn more](#).

Professional Development

Nov 3 - Nov 5

Six Sigma Green Belt Certification. The Institute of Industrial and Systems Engineers Chapter #849 is pleased to once again offer the Six Sigma Green Belt Certification Seminar through the IISE parent organization. The seminar consists of full day training sessions led by an experienced industry professional on November 3 and 4, and an examination on November 5. *See attached*.

ANNOUNCEMENTS

Faculty mentors are your first resource with questions related to career aspirations, research goals, and graduate school guidance. Sign up now [online](#).

Winter 2018 MAE 338

In response to student demand, MAE is considering offering MAE 338 over Winter 2018. If you are interested, please contact Brittany at bsmetank@buffalo.edu. Only serious interest will be considered.

Pre-requisites MAE 335 & 336 must be complete prior to Winter.

Spring 2018 Advising

As you prepare for Spring 2018 registration, make sure you are checking out the [MAE Academic Advisement website](#) for more information!

SIX SIGMA GREEN BELT CERTIFICATION

The Institute of Industrial and Systems Engineers Chapter #849 is pleased to once again offer the **Six Sigma Green Belt Certification** Seminar through the IISE parent organization. The seminar consists of full-day training sessions led by an experienced industry professional on November 3 and 4, and an examination on November 5.

The cost to students will be \$500 and include all training materials as well as breakfast and lunch on Friday, November 3 and Saturday, November 4.

This introductory course will give you a thorough understanding of Six Sigma and how to eliminate defects through fundamental process knowledge. You'll be able to quantify the critical quality issues in a company and then apply statistics to provide probabilities of success and failure. **This course is appropriate for freshmen through senior students in all SEAS majors**, and is especially relevant for students pursuing internships or full-time work in engineering.

Registration is limited to just 90 seats. The link to register is found below:

<http://www.iise.org/SixSigmaGreenBelt/112017/Buffalo>
